CANADIAN JOURNAL OF BOTANY

JOURNAL CANADIEN DE BOTANIQUE

VOLUME 60, 1982

Author index / Index des auteurs

Aber, J.D.
Nitrogen immobilization in decaying hardwood leaf litter as a function of initial nitrogen and lignin content
JOHN D. ABER and JERRY M. MELILLO **2263**

Abrams, G.D.
Water-soluble products from the degradation of aspen lignin by *Phanerochaete chrysosporium*
IAN D. REID, GARTH D. ABRAMS, and JAMES M. PEPPER **2357**

Abrams, M.D.
Early revegation of clear-cut and burned jack pine sites in northern lower Michigan
MARC D. ABRAMS and DONALD I. DICKMANN **946**

Abul-Hajj, Y.J.
Fluorescent antibody technique as a means of localizing *Ceratocystis ulmi* toxins in elm
JOHN D. IPSEN and YUSUF J. ABUL-HAJJ **724**

Abul-Hajj, Y.J.
The surface activity of the phytotoxin cerato-ulmin
PAUL S. RUSSO, FRANK D. BLUM, JOHN D. IPSEN, YUSAF J. ABUL-HAJJ, and WILMER G. MILLER **1414**

Al-Ali, B.
Contribution à l'étude de l'activité toxique de l'*Helminthosporium teres*, parasite de l'orge (*Hordeum vulgare*)
GÉRARD BARRAULT, BASIL AL-ALI, MICHEL PETITPREZ et LOUIS ALBERTINI **330**

Alaoui, H.
Modifications expérimentales de la morphogénèse et des géotropismes dans le système racinaire de jeunes chênes
ARTHUR RIEDACKER, JEAN DEXHEIMER, RAHMAT TAVAKOL et HACHIMI ALAOUI **765**

Albertini, L.
Contribution à l'étude de l'activité toxique de l'*Helminthosporium teres*, parasite de l'orge (*Hordeum vulgare*)
GÉRARD BARRAULT, BASIL AL-ALI, MICHEL PETITPREZ et LOUIS ALBERTINI **330**

Albright, L.J.
Distribution and abundance of periphyton and phytoplankton species in two subarctic Canadian rivers
G.L. ENNIS and L.J. ALBRIGHT **224**

Alexander, M.E.
Calculating and interpreting forest fire intensities
MARTIN E. ALEXANDER **349**

Alexander, M.E.
Erratum: Calculating and interpreting forest fire intensities
MARTIN E. ALEXANDER **2185**

Alfenas, A.C.
Effect of phenolic compounds from *Eucalyptus* on the mycelial growth and conidial germination of *Cryphonectria cubensis*
A.C. ALFENAS, M. HUBBES, and L. COUTO **2535**

Alfieri, S.A., Jr.
Growth and sporulation *in vitro* of *Cercospora apii*, *Cercospora arachidicola*, *Cercospora kikuchii*, and other species of *Cercospora*
N.E. EL-GHOLL, S.A. ALFIERI, JR., W.H. RIDINGS, and C.L. SCHOULTIES **862**

Allan, P.M.E.
Zoospore ultrastructure of *Polymyxa graminis* (Plasmodiophoromycetes)
DONALD J.S. BARR and PAULA M.E. ALLAN **2496**

Allen, M.F.
Phytohormone changes in *Bouteloua gracilis* infected by vesicular–arbuscular mycorrhizae: II. Altered levels of gibberellin-like substances and abscisic acid in the host plant
MICHAEL F. ALLEN, THOMAS S. MOORE, JR., and MARTHA CHRISTENSEN **468**

Amerson, H.V.
An ultrastructural comparison of monokaryotic and dikaryotic haustoria formed by the fusiform rust fungus *Cronartium quercuum* f.sp. *fusiforme*
D.J. GRAY, H.V. AMERSON, and C.G. VAN DYKE **2914**

Anderson, J.B.
Diploids of *Armillaria mellea*: synthesis, stability, and mating behavior
JAMES B. ANDERSON and ROBERT C. ULLRICH **432**

Andrews, J.H.
Association between the fungus *Acremonium curvulum* and Eurasian water milfoil, *Myriophyllum spicatum*
JOHN H. ANDREWS, ELIZABETH P. HECHT, and STEPHANIE BASHIRIAN **1216**

Armstrong, K.C.
Hybrids between the tetraploids of *Bromus inermis* and *B. pumpellianus*
K.C. ARMSTRONG **476**

Arnason, T.
The effect of alpha terthienyl on photosynthesis
JOHN SINCLAIR and THOR ARNASON **2565**

Ashton, M.-L.
Mitosis and the phylogeny of *Taphrina*
I. BRENT HEATH, MARY-LOU ASHTON, KAREN RETHORET, and MICHÈLE C. HEATH **1696**

Askew, W.B.
The genus *Gastrosporium* in North America
ORSON K. MILLER, JR., and W. BLAIN ASKEW **364**

Auclair, A.N.D.
Seasonal dynamics of nutrients in a *Carex* meadow
ALLAN N.D. AUCLAIR **1671**

Baba, S.
Glycerol and *myo*-inositol as carbon sources for the induction of xylogenesis in explants of *Lactuca*
L.W. ROBERTS and S. BABA **1204**

Babai-Ahary, A.
Isolation and genetic analysis of self-sterility and perithecial pigmentation mutants in a homothallic isolate of *Nectria haematococca*
A. BABAI-AHARY, M.J. DABOUSSI-BAREYRE, and D. PARISOT **79**

Bal, A.K.
Translocation in *Saccorhiza dermatodea* (Laminariales, Phaeophyceae): anatomy and physiology
C.J. EMERSON, R.G. BUGGELN, and A.K. BAL **2164**

Ballard, R.G.
Blue-stain fungi in xylem of lodgepole pine: a light-microscope study of extent of hyphal distribution
R.G. BALLARD, M.A. WALSH, and W.E. COLE **2334**

Bandoni, R.
On the poroid genera of the Tremellaceae
R. BANDONI, F. OBERWINKLER, and K. WELLS **998**

Bandoni, R.J.
A taxonomic survey of the gasteroid, auricularioid Heterobasidiomycetes
F. OBERWINKLER and R.J. BANDONI **1726**

Bandoni, R.J.
Stilbotulasnella: a new genus in the Tulasnellaceae
R.J. BANDONI and F. OBERWINKLER **1875**

Barabé, D.
Vascularisation de la fleur de *Symplocarpus foetidus* (*Araceae*)
DENIS BARABÉ **1536**

Barclay, G.F.
Transport of fluorescein in trichomes of *Lycopersicon esculentum*
GREGOR F. BARCLAY, CAROL A. PETERSON, and MELVIN T. TYREE **397**

Barclay, G.F.
Osmotically induced volume changes in protoplasts isolated from *Cucurbita ficifolia*
M.T. TYREE, S. SALLEO, M.A. LOGULLO, G.F. BARCLAY, A. SALLEO, and R. ROSSO **730**

Barclay, G.F.
Slime plugs do not inhibit surge flow in sieve tubes
GREGOR F. BARCLAY **1281**

Barko, J.W.
Growth and morphology of submersed freshwater macrophytes in relation to light and temperature
J.W. BARKO, D.G. HARDIN, and M.S. MATTHEWS **877**

Bärlocher, F.
Conidium production from leaves and needles in four streams
FELIX BÄRLOCHER **1487**

Barr, D.J.S.
Zoospore ultrastructure of *Polymyxa graminis* (Plasmodiophoromycetes)
DONALD J.S. BARR and PAULA M.E. ALLAN **2496**

Barrault, G.
Contribution à l'étude de l'activité toxique de l'*Helminthosporium teres*, parasite de l'orge (*Hordeum vulgare*)
GÉRARD BARRAULT, BASIL AL-ALI, MICHEL PETITPREZ et LOUIS ALBERTINI **330**

Barrett, S.C.H.
Tristyly in *Pontederia cordata* L. (Pontederiaceae)
STEVEN D. PRICE and SPENCER C.H. BARRETT **897**

Barrett, S.C.H.
Spatial pattern, floral sex ratios, and fecundity in dioecious *Aralia nudicaulis* (Araliaceae)
SPENCER C.H. BARRETT and JAMES D. THOMSON **1662**

Barron, G.L.
A new hyphomycete parasitic on the ciliated protozoans *Vorticella* and *Opercularia*
G.L. BARRON and E. SZIJARTO **1031**

Barron, G.L.
Structure and biology of a new hyphomycete parasitic on rotifers
G.L. BARRON and E. SZIJARTO **1212**

Bartha, R.
A component model od decomposition of *Spartina alterniflora* in a New Jersey salt marsh
ANDREW C. MARINUCCI and R. BARTHA **1618**

Bashan, Y.
Presymptomatic multiplication of *Xanthomonas campestris* pv. *vesicatoria* on the surface of pepper leaves
EDNA SHARON, YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **1041**

Bashan, Y.
Detection of a necrosis-inducing factor of nonhost plant leaves produced by *Pseudomonas syringae* pv. *tomato*
YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **2453**

Bashirian, S.
Association between the fungus *Acremonium curvulum* and Eurasian water milfoil, *Myriophyllum spicatum*
JOHN H. ANDREWS, ELIZABETH P. HECHT, and STEPHANIE BASHIRIAN **1216**

Baskin, C.C.
Erratum: Seasonal changes in germination responses of buried seeds of *Verbascum thapsus* and *V. blattaria* and ecological implications
JERRY M. BASKIN and CAROL C. BASKIN **284**

Baskin, J.M.
Erratum: Seasonal changes in germination responses of buried seeds of *Verbascum thapsus* and *V. blattaria* and ecological implications
JERRY M. BASKIN and CAROL C. BASKIN **284**

Bassett, I.J.
The genus *Chenopodium* in Canada
I.J. BASSETT and C.W. CROMPTON **586**

Bauer, W.D.
Early events in the infection of soybean by *Rhizobium japonicum*. Time course and cytology of the initial infection process
B. GILLIAN TURGEON AND WOLFGANG D. BAUER **152**

Baum, B.R.
Cladistic analysis of Triticeae by means of Farris's "distance Wagner procedure"
BERNARD R. BAUM **1194**

Baum, B.R.
A survey of epicuticular waxes among genera of Triticeae. III. Synthesis and conclusion
BERNARD R. BAUM and A.P. TULLOCH **1761**

Beaumont, G.
Effets physiologiques de la benzyladénine sur *Lemna minor*. I. Influence sur la composition lipidique
R. BÉRUBÉ, G. BEAUMONT et G. GRENIER **758**

Bell, D.
The site of electron transport inhibition by bentazon (3-isopropyl-1*H*-2,1,3-benzothiadiazin-(4)3*H*-one
RUNGSIT SUWANKETNIKOM, KRITON K. HATZIOS, DONALD PENNER, and DUNCAN BELL **409**

Belsky, J.
Ecology of an alpine–subalpine meadow complex in the Olympic Mountains, Washington
JOY BELSKY and ROGER DEL MORAL **779**

Belsky, J.
Diesel oil spill in a subalpine meadow: 9 years of recovery
JOY BELSKY **906**

Bennett, D.M.
Electron-probe microanalysis of silicon in the adventitious roots and terminal internode of the culm of *Zea mays*
DAPHNE M. BENNETT and A.G. SANGSTER **2024**

Berg, B.
Changes in organic chemical components of needle litter during decomposition. Long-term decomposition in a Scots pine forestai I
BJÖRN BERG, KAI HANNUS, THOMAS POPOFF, and OLAF THEANDER **1310**

Berg, B.
Accumulation and release of plant nutrients in decomposing Scots pine needle litter. Long-term decomposition in a Scots pine forest. II
HÅKAN STAAF and BJÖRN BERG **1561**

Bergman, B.
Nostoc of *Peltigera canina* when lichenized and isolated
BIRGITTA BERGMAN and LARS HÄLLBOM **2092**

Berry, A.M.
Seasonal patterns of root nodule growth, endophyte morphology, nitrogenase activity, and shoot development in *Myrica gale*
CHRISTA R. SCHWINTZER, ALISON M. BERRY and LYNN D. DISNEY **746**

Berthier, J.
Présence de *Typhula mycophaga* sp. nov. sur *Lycoperdon* en Colombie-Britannique
J. BERTHIER et S.A. REDHEAD **1428**

Bérubé, R.
Effets physiologiques de la benzyladénine sur *Lemna minor*. I. Influence sur la composition lipidique
R. BÉRUBÉ, G. BEAUMONT et G. GRENIER **758**

Beversdorf, W.D.
Solute leakage from susceptible and tolerant cultivars of *Phaseolus vulgaris* following ozone exposure
B.D. MCKERSIE, P. HUCL, and W.D. BEVERSDORF **73**

Beversdorf, W.D.
Relationship of leaf parameters with genetic ozone insensitivity in selected *Phaseolus vulgaris* cultivars
P. HUCL, W.D. BEVERSDORF, and B.D. MCKERSIE **2187**

Beversdorf, W.D.
The relationship between ozone insensitivity, lipidsoluble antioxidants, and superoxide dismutase in *Phaseolus vulgaris*
B.D. MCKERSIE, W.D. BEVERSDOF, and P. HUCL **2686**

Bewley, J.D.
Seed development in *Ricinus communis* (castor bean). I. Descriptive morphology
J.S. GREENWOOD and J.D. BEWLEY **1751**

Bezerra, J.L.
Culture and cytological development of *Rhytidhysterium rufulum* on citrus
JOSE L. BEZERRA and JAMES W. KIMBROUGH **568**

Bielenin, A.
Inheritance of an ascospore abortion factor in *Venturia inaequalis*
K.S. YODER, E.J. KLOS, H. NOWACKA, and A. BIELENIN **2105**

Billard, J.P.
Modifications électrophorétiques des protéines solubles foliaires de *Suaeda maritima* var. *macrocarpa*, *Atriplex hortensis* et *Phaseolus vulgaris* en relation avec la teneur en NaCl du milieu de culture
J.P. BILLARD, P. BINET et J. BOUCAUD **1590**

Binet, P.
Modifications électrophorétiques des protéines solubles foliaires de *Suaeda maritima* var. *macrocarpa*, *Atriplex hortensis* et *Phaseolus vulgaris* en relation avec la teneur en NaCl du milieu de culture
J.P. BILLARD, P. BINET et J. BOUCAUD **1590**

Binkley, D.
Nitrogen fixation and net primary production in a young Sitka alder stand
DAN BINKLEY **281**

Bissett, J.
Pestalotiopsis menezesiana on greenhouse plantings of *Cissus rhombifolia* with notes on related fungi occurring on Vitaceae
J. BISSETT **2570**

Blackburn, W.J.
Analysis of the effects of the spotted tentiform leafminer (*Phyllonorycter blancardella*) on the photosynthetic characteristics of apple leaves
J.T.A. PROCTOR, J.M. BODNAR, W.J. BLACKBURN, and R.L. WATSON **2734**

Blanchette, R.A.
Patterns of decay caused by *Inonotus dryophilus* Aphyllophorales: Hymenochaetaceae), a white-pocket rot fungus of oaks
LEWIS OTJEN and ROBERT A. BLANCHETTE **2770**

Bliss, L.C.
Jack pine – lichen woodland on sandy soils in northern Saskatchewan and northeastern Alberta
STEVEN B. CARROLL and L.C. BLISS **2270**

Blum, F.D.
The surface activity of the phytotoxin cerato-ulmin
PAUL S. RUSSO, FRANK D. BLUM, JOHN D. IPSEN, YUSAF J. ABUL-HAJJ, and WILMER G. MILLER **1414**

Blum, U.
The effects of ozone and nitrogen fertilizer on tall fescue, ladino clover, and a fescue–clover mixture. I. Growth, regrowth, and forage production
RUBEN A. MONTES, UDO BLUM, and ALLEN S. HEAGLE **2745**

Bo, L.
New species and new records of Tricholomataceae (Agaricales) from China
S.A. REDHEAD and L. BO **1479**

Bodnar, J.M.
Analysis of the effects of the spotted tentiform leafminer (*Phyllonorycter blancardella*) on the photosynthetic characteristics of apple leaves
J.T.A. PROCTOR, J.M. BODNAR, W.J. BLACKBURN, and R.L. WATSON **2734**

Boesewinkel, H.J.
Cylindrocladiella, a new genus to accommodate *Cylindrocladium parvum* and other small-spored species of *Cylindrocladium*
H.J. BOESEWINKEL **2288**

Boisson, C.
Étude du polymorphisme intraclonal chez le *Verticillium albo-atrum*, forme à microsclérotes. II. Influence de l'âge des thalles sur leur descendance par microconidies
CLAUDE BOISSON et HOURIA LAHLOU **19**

Bonfante-Fasolo, P.
Ultrastructural and cytochemical changes in the wall of a vesicular–arbuscular mycorrhizal fungus during symbiosis
PAOLA BONFANTE-FASOLO and ROBERTO GRIPPIOLO **2303**

Bonga, J.M.
Shoot formation in callus from the stalks of young female strobili of *Larix decidua*
J.M. BONGA **1357**

Bonnemain, J.L.
Xylogénèse chez les dicotylédones arborescentes. III. Transport de l'auxine et activité cambiale dans les jeunes tiges de Hêtre
S. LACHAUD et J.L. BONNEMAIN **869**

Booth, T.
Taxonomic notes on coprophilous fungi of the Arctic: Churchill, Resolute Bay, and Devon Island
TOM BOOTH **1115**

Bory, G.
Morphologie, structure et ontogénie des nectaires floraux de l'*Ailanthus glandulosa*
GÉRARD BORY et DANIELLE CLAIR-MACZULAJTYS **818**

Bosacker, P.L.
Nuclear volume and number in long-term *in vitro* cultures of *Puccinia graminis*
W.R. BUSHNELL and PATRICIA L. BOSACKER **1827**

Boucaud, J.
Modifications électrophorétiques des protéines solubles foliaires de *Suaeda maritima* var. *macrocarpa*, *Atriplex hortensis* et *Phaseolus vulgaris* en relation avec la teneur en NaCl du milieu de culture
J.P. BILLARD, P. BINET et J. BOUCAUD **1590**

Boucher, D.H.
Beech–maple coexistence and seedling growth rates at Mont Saint Hilaire, Quebec
JEAN CYPHER and DOUGLAS H. BOUCHER **1279**

Boucias, D.G.
Ultrastructural aspects of conidiogenesis in the entomogenous hyphomycete *Nomuraea rileyi*
J.C. PENDLAND and D.G. BOUCIAS **26**

Bowden, W.M.
The taxonomy of *Lobelia* × *speciosa* s.l. and its parental species, *L. siphilitica* and *L. cardinalis* s.l. (Lobeliaceae)
WRAY M. BOWDEN **2054**

Bradfield, G.E.
Vegetation structure and diversity components of a Fraser estuary tidal marsh
GARY E. BRADFIELD and GLENDON L. PORTER **440**

Bradford, B.
The free sterol, steryl ester, and steryl glycoside content of tomato cultivars resistant and susceptible to *Phytophthora infestans*
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **1469**

Bradford, B.
Light-induced alteration of leaf sterol content and late blight disease development in tomato
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **2724**

Brammall, R.A.
Wild *Aster lanceolatus* × *lateriflorus* hybrids in Ontario and comments on the origin of *A. ontarionis* (Compositae–Astereae)
JOHN C. SEMPLE and RONALD A. BRAMMALL **1895**

Braselton, J.P.
Karyotypic analysis of *Plasmodiophora brassicae* based on serial thin sections of pachytene nuclei
JAMES P. BRASELTON **403**

Brathwaite, C.W.D.
Inhibition of *Sclerotium rolfsii* by *Pseudomonas aeruginosa*
C.W.D. BRATHWAITE and H.G.A. CUNNINGHAM **237**

Brett, J.F.
Foral development in *Caulophyllum thalictroides* (Berberidaceae)
J.F. BRETT and U. POSLUSZNY **2133**

Britton, D.M.
A comparative study of sporophyte morphology of the three cytotypes of *Polypodium virginianum* in Ontario
L.S. KOTT and D.M. BRITTON **1360**

Britton, D.M.
A comparative study of spore germination of some *Isoetes* species of northeastern North America
L.S. KOTT and D.M. BRITTON **1679**

Brown, R.C.
Spore wall development in *Sphagnum lescurii*
ROY CURTISS BROWN, BETTY E. LEMMON, and ZANE B. CAROTHERS **2394**

Bruno, M.G.
The disposition of benzo(a)pyrene in the periphyton communities of two South Carolina streams: uptake and biotransformation
MARY G. BRUNO, TIMOTHY E. FANNIN, and GORDON J. LEVERSEE **2084**

Buggeln, R.G.
Translocation in *Saccorhiza dermatodea* (Laminariales, Phaeophyceae): anatomy and physiology
C.J. EMERSON, R.G. BUGGELN, and A.K. BAL **2164**

Bunce, J.A.
Effects of water stress on photosynthesis in relation to diurnal accumulation of carbohydrates in source leaves
JAMES A. BUNCE **195**

Busch, L.
Wilts caused by *Verticillium* species. A cytological survey of vascular alterations in leaves
JANE ROBB, ALEXANDRA SMITH, and LLOYD BUSCH **825**

Bushnell, W.R.
Defense patterns in nonhost higher plant species against two powdery mildew fungi. I. Monocotyledonous species
L.E.B. JOHNSON, W.R. BUSHNELL, and R.J. ZEYEN **1068**

Bushnell, W.R.
Nuclear volume and number in long-term *in vitro* cultures of *Puccinia graminis*
W.R. BUSHNELL and PATRICIA L. BOSACKER **1827**

Cardemil, L.
Changes of *Araucaria araucana* seed reserves during germination and early seedling growth
LILIANA CARDEMIL and ANTONIO REINERO **1629**

Cardinal, A.
Sea ice diatoms from Manitounuk Sound, southeastern Hudson Bay (Québec, Canada). I. Family Naviculaceae
MICHEL POULIN and ANDRÉ CARDINAL **1263**

Cardinal, A.
Sea ice diatoms from Manitounuk Sound, southeastern Hudson Bay (Quebec, Canada). II. Naviculaceae, genus *Navicula*
MICHEL POULIN and ANDRÉ CARDINAL **2825**

Carey, K.
Anthocyanin polymorphisms in *Mimulus guttatus*
A.J.F. GRIFFITHS, KEN CAREY, and FRED R. GANDERS **1625**

Carleton, T.J.
The composition, diversity, and heterogeneity of some jack pine (*Pinus banksiana*) stands in northeastern Ontario
T.J. CARLETON **2629**

Carothers, Z.B.
Spore wall development in *Sphagnum lescurii*
ROY CURTISS BROWN, BETTY E. LEMMON, and ZANE B. CAROTHERS **2394**

Carpenter, S.G.
Growth and reproduction of American ginseng (*Panax quinquefolius*) in Wisconsin, U.S.A.
SUSAN G. CARPENTER and GRANT COTTAM **2692**

Carroll, F.E.
Endophytic fungi in evergreen shrubs in western Oregon: A preliminary study
ORLANDO PETRINI, JEFFREY STONE, and FANNY E. CARROLL **789**

Carroll, S.B.
Jack pine – lichen woodland on sandy soils in northern Saskatchewan and northeastern Alberta
STEVEN B. CARROLL and L.C. BLISS **2270**

Carter, A.
A novel taxonomic character for *Chaetomium* as illustrated by the new species *Chaetomium hexagonosporum*
A. CARTER and D. MALLOCH **1249**

Carter, A.
New and interesting *Chaetomium* species from East Africa
A. CARTER and R.S. KHAN **1253**

Catling, P.M.
Breeding systems of northeastern North American *Spiranthes* (Orchidaceae)
PAUL M. CATLING **3017**

Cavers, P.B.
Geographic variation in a widespread perennial weed, *Rumex crispus*. The relative amounts of genetic and environmentally induced variation among populations
L. HUME and P.B. CAVERS **1928**

Cavers, P.B.
Dry weight and resource allocation patterns among individuals in populations of *Plantago major* and *P. rugelii*
W.R. HAWTHORN and P.B. CAVERS **2424**

Cavers, P.B.
Biomass allocation in hermaphrodite flowers
JON LOVETT DOUSTE and PAUL B. CAVERS **2530**

Cavers, P.B.
Adaptation in widespread populations of *Rumex crispus* as determined using composite diagrams
L. HUME and P.B. CAVERS **2637**

Cesari Rossi, M.G.
Quelques espèces nouvelles de Laboulbéniales (Ascomycetes) parasites de Carabiques
WALTER ROSSI et M. GRAZIELLA CESARI ROSSI **306**

Chapman, R.R.
Dinitrogen fixation by surface peat and *Sphagnum* in an ombrotrophic bog
RACHEL R. CHAPMAN and HAROLD F. HEMOND **538**

Chatterton, N.J.
Effects of shortened day length upon translocation and starch accumulation by maize, wheat, and pangola grass leaves
RICHARD C. SICHER, WILLIAM G. HARRIS, DIANE F. KREMER, and N. JERRY CHATTERTON **1304**

Chen, P.M.
Cold acclimation of wheat and smooth brome-grass cell suspensions
P.M. CHEN and L.V. GUSTA **1207**

Chen, W.-H.
Histogenesis of sugarcane callus originating from young leaf and stem tip explants
MING-CHIN LIU, WEN-HUEI CHEN, and SOH-CHAO SHIH **2889**

Chouinard, L.A.
Ultrastructural association of the chromatin-containing lacunar spaces with the vacuolar component of the interphase nucleolus in *Allium cepa*
L.A. CHOUINARD **2624**

Christensen, M.
Phytohormone changes in *Bouteloua gracilis* infected by vesicular–arbuscular mycorrhizae: II. Altered levels of gibberellin-like substances and abscisic acid in the host plant
MICHAEL F. ALLEN, THOMAS S. MOORE, JR., and MARTHA CHRISTENSEN **468**

Christy, E.J.
First-year survival of *Tsuga heterophylla* without mycorrhizae and subsequent ectomycorrhizal development on decaying logs and mineral soil
E. JENNIFER CHRISTY, PHILLIP SOLLINS, and JAMES M. TRAPPE **1601**

Clair-Maczulajtys, D.
Morphologie, structure et ontogénie des nectaires floraux de l'*Ailanthus glandulosa*
GÉRARD BORY et DANIELLE CLAIR-MACZULAJTYS **818**

Classen, D.
A phenolic–taxometric study of *Medicago* (Leguminosae)
D. CLASSEN, C. NOZZOLILLO, and E. SMALL **2477**

Classen, D.
Character set incongruence in *Medicago*
ERNEST SMALL, L.P. LEFKOVITCH, and D. CLASSEN **2505**

Clifford, P.E.
Lateral stress initiates bending responses in dandelion peduncles: a clue to geotropism?
P.E. CLIFFORD, D.S. FENSOM, B.I. MUNT, and W.D. MCDOWELL **2671**

Cloutier, Y.
Augmentation of protoplasm in drought- and cold-hardened winter wheat
Y. CLOUTIER and D. SIMINOVITCH **674**

Cole, K.M.
Fine structure of sporangiole development in *Choanephora cucurbitarum* (Mucorales)
MICHAEL T. HIGHAM and KATHLEEN M. COLE **2313**

Cole, R.J.
Tremorgenic indole metabolites and aflatoxins in sclerotia of *Aspergillus flavus*: an evolutionary perspective
DONALD T. WICKLOW and RICHARD J. COLE **525**

Cole, R.J.
Cleistothecia of *Eupenicillium ochrosalmoneum* form naturally within corn kernels
D.T. WICKLOW, B.W. HORN, and R.J. COLE **1050**

Cole, W.E.
Blue-stain fungi in xylem of lodgepole pine: a light-microscope study of extent of hyphal distribution
R.G. BALLARD, M.A. WALSH, and W.E. COLE **2334**

Colson, M.
Influence d'une déshydratation et d'une congélation (−196°C)-sur les ultrastructures des plantules d'*Allium cepa*. Étude après imprégnation métallique
MONIQUE COLSON **1545**

Cottam, G.
Growth and reproduction of American ginseng (*Panax quinquefolius*) in Wisconsin, U.S.A.
SUSAN G. CARPENTER and GRANT COTTAM **2692**

Courbet, H.
Parcours des faisceaux dans la tige adulte de Bryone (*Bryonia dioica*) (Cucurbitacées)
HENRI COURBET **1177**

Couto, L.
Effect of phenolic compounds from *Eucalyptus* on the mycelial growth and conidial germination of *Cryphonectria cubensis*
A.C. ALFENAS, M. HUBBES, and L. COUTO **2535**

Cowell, D.W.
Classification of fens near southern James Bay, Ontario, using vegetational physiognomy
RICHARD A. SIMS, DARYL W. COWELL, and GREG M. WICKWARE **2608**

Crane, J.L.
Hyphomycetes from freshwater swamps and hammocks
J.L. CRANE and JEAN D. SCHOKNECHT **369**

Crompton, C.W.
Pollen grains and biosystematics
C.W. CROMPTON **294**

Crompton, C.W.
The genus *Chenopodium* in Canada
I.J. BASSETT and C.W. CROMPTON **586**

Cunningham, H.G.A.
Inhibition of *Sclerotium rolfsii* by *Pseudomonas aeruginosa*
C.W.D. BRATHWAITE and H.G.A. CUNNINGHAM **237**

Curtis, J.D.
Hydathodes in *Physocarpus* (Rosaceae: Spiraeoideae)
NELS R. LERSTEN and JOHN D. CURTIS **850**

Cypher, J.
Beech–maple coexistence and seedling growth rates at Mont Saint Hilaire, Quebec
JEAN CYPHER and DOUGLAS H. BOUCHER **1279**

Czuba, M.
Interactive patterns of methyl mercury toxicity in nuclear and cell division of apical meristems of *Elodea densa* at low concentrations and long-term exposures in vivo
M. CZUBA and D.C. MORTIMER **657**

Daboussi-Bareyre, M.J.
Isolation and genetic analysis of self-sterility and perithecial pigmentation mutants in a homothallic isolate of *Nectria haematococca*
A. BABAI-AHARY, M.J. DABOUSSI-BAREYRE, and D. PARISOT **79**

Dainty, J.
Measurements of the volumetric and transverse elastic extensibilities of *Chara corallina* internodes by combining the external force and pressure probe techniques
E. STEUDLE, J.M. FERRIER, and J. DAINTY **1503**

Dale, M.
Phytosociological structure of seaweed communities and the invasion of *Fucus serratus* in Nova Scotia
MARK DALE **2652**

Danielson, R.M.
Taxonomic affinities and criteria for identification of the common ectendomycorrhizal symbiont of pines
R.M. DANIELSON **7**

Das, G.
A stimulatory effect of low nitrate levels on nodulation, leghaemoglobin content, nitrogenase activity, and growth of mung-bean plants (*Vigna radiata*)
GAURANGAKUMAR DAS **1907**

Dawe, N.K.
Some aspects of the vegetation ecology of the Little Qualicum River estuary, British Columbia
N.K. DAWE and E.R. WHITE **1447**

Deane-Drummond, C.E.
Studies of nitrate influx into barley roots by the use of $^{36}ClO_3^-$ as a tracer for nitrate. 1. Interactions with chloride and other ions
CELIA E. DEANE-DRUMMOND and ANTHONY D.M. GLASS **2147**

del Moral, R.
Ecology of an alpine–subalpine meadow complex in the Olympic Mountains, Washington
JOY BELSKY and ROGER DEL MORAL **779**

De Mason, D.A.
Floral development in *Phoenix dactylifera*
DARLEEN A. DE MASON, KENNETH W. STOLTE, and BRENT TISSERAT **1437**

Denford, K.E.
Flavonoid studies in four species of the *Oxytropis campestris* complex (Fabaceae–Galegeae)
W.J. ELISENS and K.E. DENFORD **1431**

Dengler, N.G.
The mechanism of plication inception in palm leaves: problem and developmental morphology
DONALD R. KAPLAN, NANCY G. DENGLER, and RONALD E. DENGLER **2939**

Dengler, N.G.
The mechanism of plication inception in palm leaves: histogenetic observations on the pinnate leaf of *Chrysalidocarpus lutescens*
NANCY G. DENGLER, RONALD E. DENGLER, and DONALD R. KAPLAN **2976**

Dengler, N.G.
The mechanism of plication inception in palm leaves: histogenetic observations on the palmate leaf of *Rhapis excelsa*
DONALD R. KAPLAN, NANCY G. DENGLER, and RONALD E. DENGLER **2999**

Dengler, R.E.
The anatomy of the leaf of red pine, *Pinus resinosa*. I. Nonvascular tissues
R.L. GAMBLES and R.E. DENGLER **2788**

Dengler, R.E.
The anatomy of the leaf of red pine, *Pinus resinosa*. II. Vascular tissues
R.L. GAMBLES and R.E. DENGLER **2804**

Dengler, R.E.
The mechanism of plication inception in palm leaves: problem and developmental morphology
DONALD R. KAPLAN, NANCY G. DENGLER, and RONALD E. DENGLER **2939**

Dengler, R.E.
The mechanism of plication inception in palm leaves: histogenetic observations on the pinnate leaf of *Chrysalidocarpus lutescens*
NANCY G. DENGLER, RONALD E. DENGLER, and DONALD R. KAPLAN **2976**

Dengler, R.E.
The mechanism of plication inception in palm leaves: histogenetic observations on the palmate leaf of *Rhapis excelsa*
DONALD R. KAPLAN, NANCY G. DENGLER, and RONALD E. DENGLER **2999**

Dexheimer, J.
Étude ultrastructurale des coiffes des racines de chêne (*Quercus robur*). I. Les pivots
JEAN DEXHEIMER, JEAN MULLER et ARTHUR RIEDACKER **620**

Dexheimer, J.
Modifications expérimentales de la morphogénèse et des géotropismes dans le système racinaire de jeunes chênes
ARTHUR RIEDACKER, JEAN DEXHEIMER, RAHMAT TAVAKOL et HACHIMI ALAOUI **765**

Dhingra, O.D.
Pathogenicity of *Trichoderma* sp. on the sclerotia of *Sclerotinia sclerotiorum*
A.F. DOS SANTOS and O.D. DHINGRA **472**

Dickmann, D.I.
Early revegation of clear-cut and burned jack pine sites in northern lower Michigan
MARC D. ABRAMS and DONALD I. DICKMANN **946**

Diner, A.M.
Axenic cultures from basidiospores of *Cronartium ribicola*
ALEX M. DINER and RALPH L. MOTT **1950**

Disney, L.D.
Seasonal patterns of root nodule growth, endophyte morphology, nitrogenase activity, and shoot development in *Myrica gale*
CHRISTA R. SCHWINTZER, ALISON M. BERRY and LYNN D. DISNEY **746**

dos Santos, A.F.
Pathogenicity of *Trichoderma* sp. on the sclerotia of *Sclerotinia sclerotiorum*
A.F. DOS SANTOS and O.D. DHINGRA **472**

Doust, J.L.
Biomass allocation in hermaphrodite flowers
JON LOVETT DOUSTE and PAUL B. CAVERS **2530**

Drakeford, D.R.
A comparison of two techniques for growing minimally water-stressed plants
KERRY T. HUBICK, DAVID R. DRAKEFORD, and DAVID M. REID **219**

Druehl, L.D.
Morphological and growth responses of geographically isolated *Macrocystis integrifolia* populations when grown in a common environment
LOUIS D. DRUEHL and LINDLEY KEMP **1409**

Dubreuil, M.-A.
A laboratory study of postfire nutrient redistribution in subarctic spruce–lichen woodlands
M.-A. DUBREUIL and T.R. MOORE **2511**

Duddridge, J.
An ultrastructural analysis of the development of mycorrhizas in *Rhododendron ponticum*
J. DUDDRIDGE and D.J. READ **2345**

Dumbroff, E.B.
A comparison of the Bradford and Lowry methods for the analysis of protein in chlorophyllous tissue
J.M.O. EZE and E.B. DUMBROFF **1046**

Durán, R.
The species of *Thecaphora* on Compositae in North America
RUBÉN DURÁN **1512**

Dürrschmidt, M.
Mallomonas parvula sp. nov. and *Mallomonas retifera* sp. nov. (Chrysophyceae, Synuraceae) from South Chile
MONIKA DÜRRSCHMIDT **651**

Eckel, P.M.
Hymenostylium recurvirostrum var. *insigne* and *Barbula amplexifolia* in British Columbia, Canada
RICHARD H. ZANDER and P.M. ECKEL **1596**

Einhellig, F.A.
Noncompetitive effects of *Kochia scoparia* on grain sorghum and soybeans
FRANK A. EINHELLIG and MARY K. SCHON **2923**

Elder, M.
Isolation and properties of filamentous viruslike particles associated with little cherry disease in *Prunus avium*
H.W.J. RAGETLI, M. ELDER, and B.K. SCHROEDER **1235**

Eldred, R.A.
A multivariate approach to the problem of decline in vigour of *Ammophild*
R.A. ELDRED and M.A. MAUN **1371**

El-Gholl, N.E.
Growth and sporulation *in vitro* of *Cercospora apii*, *Cercospora arachidicola*, *Cercospora kikuchii*, and other species of *Cercospora*
N.E. EL-GHOLL, S.A. ALFIERI, JR., W.H. RIDINGS, and C.L. SCHOULTIES **862**

Elisens, W.J.
Flavonoid studies in four species of the *Oxytropis campestris* complex (Fabaceae–Galegeae)
W.J. ELISENS and K.E. DENFORD **1431**

Elisens, W.J.
Typification of *Oxytropis monticola*
W.J. ELISENS and J.G. PACKER **1580**

Emanuel, M.E.
Identification of a Casparian band in the hypodermis of onion and corn roots
CAROL A. PETERSON, MARY E. EMANUEL, and CHRISTINE WILSON **1529**

Emerson, C.J.
Translocation in *Saccorhiza dermatodea* (Laminariales, Phaeophyceae): anatomy and physiology
C.J. EMERSON, R.G. BUGGELN, and A.K. BAL **2164**

Endress, A.G.
The role of surface wax in susceptibility of plants to air pollutant injury
TEDMUND J. SWIECKI, ANTON G. ENDRESS, and O.C. TAYLOR **316**

Englander, L.
Mycorrhizal status of *Rhododendron* spp. in commercial nurseries in Rhode Island
S. MOORE-PARKHURST and L. ENGLANDER **2342**

Ennis, G.L.
Distribution and abundance of periphyton and phytoplankton species in two subarctic Canadian rivers
G.L. ENNIS and L.J. ALBRIGHT **224**

Evans, H.C.
Clathroconium, a new helicosporous hyphomycete genus from spiders
ROBERT A. SAMSON and HARRY C. EVANS **1577**

Evans, H.C.
Entomogenous fungi from the Galápagos Islands
HARRY C. EVANS and ROBERT A. SAMSON **2325**

Eze, J.M.O.
A comparison of the Bradford and Lowry methods for the analysis of protein in chlorophyllous tissue
J.M.O. EZE and E.B. DUMBROFF **1046**

Fannin, T.E.
The disposition of benzo(a)pyrene in the periphyton communities of two South Carolina streams: uptake and biotransformation
MARY G. BRUNO, TIMOTHY E. FANNIN, and GORDON J. LEVERSEE **2084**

Farris, S.H.
Penetration of Sitka spruce seeds by the pathogenic fungus *Caloscypha fulgens*
T.A.D. WOODS, S.H. FARRIS, and JACK R. SUTHERLAND **544**

Fayret, J.
Marssoniella juglandis: anamorphe de *Gnomonia leptostyla*
MARIE-FRANCE ROQUEBERT et JACQUES FAYRET **1320**

Fensom, D.S.
Lateral stress initiates bending responses in dandelion peduncles: a clue to geotropism?
P.E. CLIFFORD, D.S. FENSOM, B.I. MUNT, and W.D. MCDOWELL **2671**

Fernandez, L.
In vitro culture of *Bouvardia ternifolia*
LEONOR FERNANDEZ and ESTELA SANCHEZ DE JIMENEZ **917**

Ferrier, J.M.
Measurements of the volumetric and transverse elastic extensibilities of *Chara corallina* internodes by combining the external force and pressure probe techniques
E. STEUDLE, J.M. FERRIER, and J. DAINTY **1503**

Fineran, B.A.
Initial wall formation in the endosperm of wheat, *Triticum aestivum*: a re-evaluation
B.A. FINERAN, D.J.C. WILD, and M. INGERFELD **1776**

Fineran, J.M.
Teliospore germination in *Entorrhiza casparyana* (Ustilaginales)
JUDITH M. FINERAN **2903**

Fleming, R.A.
A comparison of disease progress equations for cereal rust
R.A. FLEMING and C.S. HOLLING **2154**

Fokkema, N.J.
Effect of nitrogen fertilization on the growth of *Sporobolomyces roseus* on wheat leaves
R. FROSSARD and N.J. FOKKEMA **2741**

Fortin, J.A.
Ontogeny of dichotomizing apices in mycorrhizal short roots of *Pinus strobus*
YVES PICHE, J. ANDRÉ FORTIN, R.L. PETERSON, and U. POSLUSZNY **1523**

Fowler, D.B.
The effect of abscisic acid and cytokinins on the cold hardiness of winter wheat
L.V. GUSTA, D.B. FOWLER, and N.J. TYLER **301**

Freedman, B.
Seed banks and seedling occurrence in a high Arctic oasis at Alexandra Fjord, Ellesmere Island, Canada
B. FREEDMAN, N. HILL, J. SVOBODA, and G. HENRY **2112**

Frossard, R.
Effect of nitrogen fertilization on the growth of *Sporobolomyces roseus* on wheat leaves
R. FROSSARD and N.J. FOKKEMA **2741**

Fulcher, R.G.
Fluorescence microscopy of cereal grains
R.G. FULCHER and S.I. WONG **325**

Funk, A.
Mycocalicium viscinicola sp. nov. (Caliciales) on mistletoe viscin in South America
A. FUNK and JOB KUIJT **191**

Funk, A.
Vanterpoolia, a new genus of sporodochial hyphomycetes
A. FUNK **973**

Galatis, B.
The organization of microtubules in guard cell mother cells of *Zea mays*
B. GALATIS **1148**

Gambles, R.L.
The anatomy of the leaf of red pine, *Pinus resinosa*. I. Nonvascular tissues
R.L. GAMBLES and R.E. DENGLER **2788**

Gambles, R.L.
The anatomy of the leaf of red pine, *Pinus resinosa*. II. Vascular tissues
R.L. GAMBLES and R.E. DENGLER **2804**

Ganders, F.R.
Anthocyanin polymorphisms in *Mimulus guttatus*
A.J.F. GRIFFITHS, KEN CAREY, and FRED R. GANDERS **1625**

Garber, R.C.
Cytology of meiosis I and chromosome number of *Cochliobolus heterostrophus* (Ascomycetes)
DORALINDA GUZMAN, ROBERT C. GARBER, and OLEN C. YODER **1138**

Gastony, G.J.
Spore morphology in the Dicksoniaceae. II. The genus *Cibotium*
GERALD J. GASTONY **955**

Gazeau, C.M.
Accroissement de la résistance au froid de plantules de blé avec un milieu cryoprotecteur: variation de la température et de la durée du traitement d'imprégnation. Aspects physiologiques
C.M. GAZEAU **2857**

Gervais, C.
Erratum: Étude cyto-ecologique de quatre populations de *Claytonia caroliniana* var. *caroliniana* au Québec
CAMILLE GERVAIS et MIROSLAV M. GRANDTNER **1284**

Gibbs, S.P.
Cell and nucleomorph division in the alga *Cryptomonas*
LISA MCKERRACHER and SARAH P. GIBBS **2440**

Gill, B.S.
Variability in spikelet disarticulation in *Agropyron* species
H.C. SHARMA and B.S. GILL **1771**

Gillespie, R.
Cytological study of palisade development in the seed coat of Candle canola
L. VAN CAESEELE, J.T. MILLS, M. SUMNER, and R. GILLESPIE **2469**

Ginns, J.
Cerinomyces ceraceus sp. nov. and the similar *C. grandinioides* and *C. lagerheimii*
J. GINNS **519**

Glass, A.D.M.
Studies of nitrate influx into barley roots by the use of $^{36}ClO_3^-$ as a tracer for nitrate. I. Interactions with chloride and other ions
CELIA E. DEANE-DRUMMOND and ANTHONY D.M. GLASS **2147**

Glawe, D.A.
Observations on the anamorphs of six species of *Diatrype* and *Diatrypella*
DEAN A. GLAWE and JACK D. ROGERS **245**

Glooschenko, W.A.
Net aerial primary production of a James Bay, Ontario, salt marsh
WALTER A. GLOOSCHENKO and NANCY S. HARPER **1060**

Gnanamanickam, S.S.
Coronatine production *in vitro* and *in vivo* and its relation to symptom development in bacterial blight of soybean
S.S. GNANAMANICKAM, A.N. STARRATT, and E.W.B. WARD **645**

Gobbe, J.
Calendrier des sporogénèses et gamétogénèses femelles chez le diploïde et le tétraploïde induit de *Brachiaria ruziziensis* (Graminée)
J. GOBBE, BÉATRICE LONGLY et B.-P. LOUANT **2032**

Gobin, G.
Genetic control of β-amylase isozymes in common or hexaploid wheat (*Triticum aestivum*)
P. JOUDRIER and G. GOBIN **1653**

Goplen, B.P.
Morphological characteristics of leaves from some legume forages: relation to digestion and mechanical strength
G.L. LEES, R.E. HOWARTH, and B.P. GOPLEN **2126**

Gordon, A.D.
Some observations on methods of estimating the proportions of morphologically similar pollen types in fossil samples
A.D. GORDON **1888**

Grace, J.B.
Niche differentiation between two rhizomatous plant species: *Typha latifolia* and *Typha angustifolia*
JAMES B. GRACE and ROBERT G. WETZEL **46**

Granat, M.
Seasonal variation of the terpenes of the leaves, buds, and twigs of balsam fir (*Abies balsamea*)
E. VON RUDLOFF and M. GRANAT **2682**

Grandtner, M.M.
Erratum: Étude cyto-ecologique de quatre populations de *Claytonia caroliniana* var. *caroliniana* au Québec
CAMILLE GERVAIS et MIROSLAV M. GRANDTNER **1284**

Granström, A.
Seed banks in five boreal forest stands originating between 1810 and 1963
ANDERS GRANSTRÖM **1815**

Gray, D.J.
An ultrastructural comparison of monokaryotic and dikaryotic haustoria formed by the fusiform rust fungus *Cronartium quercuum* f.sp. *fusiforme*
D.J. GRAY, H.V. AMERSON, and C.G. VAN DYKE **2914**

Greenham, C.G.
Studies of phosphorus and potassium deficiences in *Trifolium subterraneum* based on electrical measurements
CHARLES G. GREENHAM, PETER J. RANDALL, and WARREN J. MÜLLER **634**

Greenwood, J.S.
Seed development in *Ricinus communis* (castor bean). I. Descriptive morphology
J.S. GREENWOOD and J.D. BEWLEY **1751**

Grenier, G.
Effets physiologiques de la benzyladénine sur *Lemna minor*. I. Influence sur la composition lipidique
R. BÉRUBÉ, G. BEAUMONT et G. GRENIER **758**

Griffiths, A.J.F.
Anthocyanin polymorphisms in *Mimulus guttatus*
A.J.F. GRIFFITHS, KEN CAREY, and FRED R. GANDERS **1625**

Grippiolo, R.
Ultrastructural and cytochemical changes in the wall of a vesicular–arbuscular mycorrhizal fungus during symbiosis
PAOLA BONFANTE-FASOLO and ROBERTO GRIPPIOLO **2303**

Groat, R.G.
Birdsfoot trefoil (*Lotus corniculatus*) root nodules: morphogenesis and the effect of forage harvest on structure and function
C.P. VANCE, L.E.B. JOHNSON, S.STADE, and R.G. GROAT **505**

Gruen, H.E.
Distribution of cellular amino acids, protein, and total organic nitrogen during fruitbody development in *Flammulina velutipes*. I. Growth on sawdust medium
HANS E. GRUEN and WILLIAM M. WONG **1330**

Gruen, H.E.
Distribution of cellular amino acids, protein, and total organic nitrogen during fruitbody development in *Flammulina velutipes*. II. Growth on potato–glucose solution
HANS E. GRUEN and WILLIAM M. WONG **1342**

Guerrier, G.
Absorption de sodium, calcium et potassium lors d'interactions ioniques au cours de la phase de germination de *Raphanus sativus*
GILLES GUERRIER **1639**

Guries, R.P.
Biogeography of lodgepole pine
NICHOLAS C. WHEELER and RAYMOND P. GURIES **1805**

Gusta, L.V.
The effect of abscisic acid and cytokinins on the cold hardiness of winter wheat
L.V. GUSTA, D.B. FOWLER, and N.J. TYLER **301**

Gusta, L.V.
Cold acclimation of wheat and smooth brome-grass cell suspensions
P.M. CHEN and L.V. GUSTA **1207**

Guzman, D.
Cytology of meiosis I and chromosome number of *Cochliobolus heterostrophus* (Ascomycetes)
DORALINDA GUZMAN, ROBERT C. GARBER, and OLEN C. YODER **1138**

Hall, J.P.
Microsporogenesis in *Larix laricina*
J. PETER HALL **797**

Hall, L.M.
The responses of photosynthesis and translocation rates to changes in the ζ ratio of light
JOHN HODDINOTT and LINDA M. HALL **1285**

Hällbom, L.
Nostoc of *Peltigera canina* when lichenized and isolated
BIRGITTA BERGMAN and LARS HÄLLBOM **2092**

Hamada, N.
The distribution pattern of the medullary depsidone salazinic acid in the thallus of *Ramalina siliquosa* (lichens)
N. HAMADA **379**

Hamada, N.
The effect of temperature on the content of the medullary depsidone salazinic acid in *Ramalina siliquosa* (lichens)
N. HAMADA **383**

Hamm, P.B.
Single-spore isolate variation: the effect on varietal designation in *Phytophthora megasperma*
P.B. HAMM and E.M. HANSEN **2931**

Hannus, K.
Changes in organic chemical components of needle litter during decomposition. Long-term decomposition in a Scots pine forestai l
BJÖRN BERG, KAI HANNUS, THOMAS POPOFF, and OLAF THEANDER **1310**

Hansen, E.M.
Single-spore isolate variation: the effect on varietal designation in *Phytophthora megasperma*
P.B. HAMM and E.M. HANSEN **2931**

Hardin, D.G.
Growth and morphology of submersed freshwater macrophytes in relation to light and temperature
J.W. BARKO, D.G. HARDIN, and M.S. MATTHEWS **877**

Harper, N.S.
Net aerial primary production of a James Bay, Ontario, salt marsh
WALTER A. GLOOSCHENKO and NANCY S. HARPER **1060**

Harris, W.G.
Effects of shortened day length upon translocation and starch accumulation by maize, wheat, and pangola grass leaves
RICHARD C. SICHER, WILLIAM G. HARRIS, DIANE F. KREMER, and N. JERRY CHATTERTON **1304**

Harvais, G.
An improved culture medium for growing the orchid *Cypripedium reginae* axenically
GAÉTAN HARVAIS **2547**

Hatzios, K.K.
The site of electron transport inhibition by bentazon (3-isopropyl-1*H*-2,1,3-benzothiadiazin-(4)3*H*-one
RUNGSIT SUWANKETNIKOM, KRITON K. HATZIOS, DONALD PENNER, and DUNCAN BELL **409**

Havas, M.
Effects of long-term natural acidification on the algal communities of tundra ponds at the Smoking Hills, N.W.T., Canada
R.G. SHEATH, M. HAVAS, J.A. HELLEBUST, and T.C. HUTCHINSON **58**

Hawthorn, W.R.
Dry weight and resource allocation patterns among individuals in populations of *Plantago major* and *P. rugelii*
W.R. HAWTHORN and P.B. CAVERS **2424**

Heagle, A.S.
The effects of ozone and nitrogen fertilizer on tall fescue, ladino clover, and a fescue–clover mixture. I. Growth, regrowth, and forage production
RUBEN A. MONTES, UDO BLUM, and ALLEN S. HEAGLE **2745**

Heale, E.L.
Effects of nickel and copper on *Acer rubrum*, *Cornus stolonifera*, *Lonicera tatarica*, and *Pinus resinosa*
E.L. HEALE and D.P. ORMROD **2674**

Heath, I.B.
Mitosis and the phylogeny of *Taphrina*
I. BRENT HEATH, MARY-LOU ASHTON, KAREN RETHORET, and MICHÈLE C. HEATH **1696**

Heath, M.C.
Mitosis and the phylogeny of *Taphrina*
I. BRENT HEATH, MARY-LOU ASHTON, KAREN RETHORET, and MICHÈLE C. HEATH **1696**

Heath, M.C.
An evaluation of the nitrous acid – 3-methyl-2-benzothiazolinone hydrazone hydrochloride – ferric chloride assay for chitin in rust fungi and rust-infected tissue
SUSAN G.W. KAMINSKYJ and MICHÈLE C. HEATH **2575**

Hecht, E.P.
Association between the fungus *Acremonium curvulum* and Eurasian water milfoil, *Myriophyllum spicatum*
JOHN H. ANDREWS, ELIZABETH P. HECHT, and STEPHANIE BASHIRIAN **1216**

Hellebust, J.A.
Effects of long-term natural acidification on the algal communities of tundra ponds at the Smoking Hills, N.W.T., Canada
R.G. SHEATH, M. HAVAS, J.A. HELLEBUST, and T.C. HUTCHINSON **58**

Hellebust, J.A.
Effect of naphthalene and aqueous crude oil extracts on the green flagellate *Chlamydomonas angulosa*. V. Heterotrophic responses
J.A. HELLEBUST, C. SOTO, and T.C. HUTCHINSON **1495**

Hemond, H.F.
Dinitrogen fixation by surface peat and *Sphagnum* in an ombrotrophic bog
RACHEL R. CHAPMAN and HAROLD F. HEMOND **538**

Henis, Y.
Presymptomatic multiplication of *Xanthomonas campestris* pv. *vesicatoria* on the surface of pepper leaves
EDNA SHARON, YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **1041**

Henis, Y.
Detection of a necrosis-inducing factor of nonhost plant leaves produced by *Pseudomonas syringae* pv. *tomato*
YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **2453**

Henry, G.
Seed banks and seedling occurrence in a high Arctic oasis at Alexandra Fjord, Ellesmere Island, Canada
B. FREEDMAN, N. HILL, J. SVOBODA, and G. HENRY **2112**

Hibbs, D.E.
White pine in the transition hardwood forest
DAVID E. HIBBS **2046**

Higham, M.T.
Fine structure of sporangiole development in *Choanephora cucurbitarum* (Mucorales)
MICHAEL T. HIGHAM and KATHLEEN M. COLE **2313**

Hill, N.
Seed banks and seedling occurrence in a high Arctic oasis at Alexandra Fjord, Ellesmere Island, Canada
B. FREEDMAN, N. HILL, J. SVOBODA, and G. HENRY **2112**

Hobbs, S.L.A.
Effects of pea (*Pisum sativum*) genotypes and *Rhizobium leguminosarum* strains on $N_2(C_2H_2)$ fixation and growth
S.L.A. HOBBS and J.D. MAHON **2594**

Hoddinott, J.
The responses of photosynthesis and translocation rates to changes in the ζ ratio of light
JOHN HODDINOTT and LINDA M. HALL **1285**

Hodges, C.F.
Influence of preemergence herbicides on pathogenesis by *Drechslera sorokiniana* on sequentially senescent leaves of *Poa pratensis*
CLINTON F. HODGES **186**

Holling, C.S.
A comparison of disease progress equations for cereal rust
R.A. FLEMING and C.S. HOLLING **2154**

Hopkins, W.G.
Formation of chloroplast pigments in a temperature-sensitive, virescent mutant of maize
W.G. HOPKINS **737**

Horn, B.W.
Cleistothecia of *Eupenicillium ochrosalmoneum* form naturally within corn kernels
D.T. WICKLOW, B.W. HORN, and R.J. COLE **1050**

Horner, H.T.
Histochemical, spectroscopic, and X-ray diffraction identifications of the two hydration forms of calcium oxalate crystals in three legumes and *Begonia*
HARRY T. HORNER and ELISABETH ZINDLER-FRANK **1021**

Howarth, R.E.
Morphological characteristics of leaves from some legume forages: relation to digestion and mechanical strength
G.L. LEES, R.E. HOWARTH, and B.P. GOPLEN **2126**

Hsiao, A.I.
Studies of acid-soluble phosphorus compounds in genetically pure lines of *Avena fatua* with different dormancy characteristics
J.C. JAIN, W.A. QUICK, and A.I. HSIAO **2099**

Hubbes, M.
Effect of phenolic compounds from *Eucalyptus* on the mycelial growth and conidial germination of *Cryphonectria cubensis*
A.C. ALFENAS, M. HUBBES, and L. COUTO **2535**

Hubick, K.T.
A comparison of two techniques for growing minimally water-stressed plants
KERRY T. HUBICK, DAVID R. DRAKEFORD, and DAVID M. REID **219**

Hucl, P.
Solute leakage from susceptible and tolerant cultivars of *Phaseolus vulgaris* following ozone exposure
B.D. MCKERSIE, P. HUCL, and W.D. BEVERSDORF **73**

Hucl, P.
Relationship of leaf parameters with genetic ozone insensitivity in selected *Phaseolus vulgaris* cultivars
P. HUCL, W.D. BEVERSDORF, and B.D. MCKERSIE **2187**

Hucl, P.
The relationship between ozone insensitivity, lipidsoluble antioxidants, and superoxide dismutase in *Phaseolus vulgaris*
B.D. MCKERSIE, W.D. BEVERSDOF, and P. HUCL **2686**

Hume, L.
Geographic variation in a widespread perennial weed, *Rumex crispus*. The relative amounts of genetic and environmentally induced variation among populations
L. HUME and P.B. CAVERS **1928**

Hume, L.
Adaptation in widespread populations of *Rumex crispus* as determined using composite diagrams
L. HUME and P.B. CAVERS **2637**

Hung, K.S.
Reaction of two potato cultivars to leaf infection by *Verticillium albo-atrum*
K.S. HUNG and N.J. WHITNEY **554**

Hunt, L.A.
Effects of temperature on leaf growth in corn (*Zea mays*)
M.R. THIAGARAJAH and L.A. HUNT **1647**

Hunt, L.A.
Changes in carbohydrate levels during ice encasement and flooding of winter cereals
B.D. MCKERSIE, B.M. MCDERMOTT, L.A. HUNT, and V. POYSA **1822**

Hunt, L.A.
Early development of cassava (*Manihot esculenta*)
S.B. LOWE, J.D. MAHON, and L.A. HUNT **3040**

Hunter, D.M.
Nitrate modification of photosynthesis and photoassimilate export in young nodulated soybean plants
D.J. URSINO, D.M. HUNTER, R.D. LAING, and J.L.S. KEIGHLEY **2665**

Hutchinson, I.
Vegetation–environment relations in a brackish marsh, Lulu Island, Richmond, B.C.
IAN HUTCHINSON **452**

Hutchinson, T.C.
Effects of long-term natural acidification on the algal communities of tundra ponds at the Smoking Hills, N.W.T., Canada
R.G. SHEATH, M. HAVAS, J.A. HELLEBUST, and T.C. HUTCHINSON **58**

Hutchinson, T.C.
Effect of naphthalene and aqueous crude oil extracts on the green flagellate *Chlamydomonas angulosa*. V. Heterotrophic responses
J.A. HELLEBUST, C. SOTO, and T.C. HUTCHINSON **1495**

Ingerfeld, M.
Initial wall formation in the endosperm of wheat, *Triticum aestivum*: a re-evaluation
B.A. FINERAN, D.J.C. WILD, and M. INGERFELD **1776**

Ipsen, J.D.
Fluorescent antibody technique as a means of localizing *Ceratocystis ulmi* toxins in elm
JOHN D. IPSEN and YUSUF J. ABUL-HAJJ **724**

Ipsen, J.D.
The surface activity of the phytotoxin cerato-ulmin
PAUL S. RUSSO, FRANK D. BLUM, JOHN D. IPSEN, YUSAF J. ABUL-HAJJ, and WILMER G. MILLER **1414**

Jackson, S.G.
The effect of sulphate concentration on the uptake and incorporation of [^{35}S]sulphate in *Chondrus crispus*
SUSAN G. JACKSON and ESTHER L. MCCANDLESS **162**

Jain, J.C.
Studies of acid-soluble phosphorus compounds in genetically pure lines of *Avena fatua* with different dormancy characteristics
J.C. JAIN, W.A. QUICK, and A.I. HSIAO **2099**

Jana, S.
Adaptation for herbicide tolerance in populations of *Avena fatua*
S. JANA and J.M. NAYLOR **1611**

Janex-Favre, M.C.
La paroi des asques chez les Pyrénomycètes: étude ultrastructurale. I. Les asques bituniqués typiques
A. PARGUEY-LEDUC et M.C. JANEX-FAVRE **1222**

Jasieniuk, M.A.
Peatland vegetation organization and dynamics in the western subarctic, Northwest Territories, Canada
M.A. JASIENIUK and E.A. JOHNSON **2581**

Jia, S.
Factors affecting the division frequency of pea mesophyll protoplasts
SHI-RONG JIA **2192**

Johnson, E.A.
Peatland vegetation organization and dynamics in the western subarctic, Northwest Territories, Canada
M.A. JASIENIUK and E.A. JOHNSON **2581**

Johnson, L.E.B.
Birdsfoot trefoil (*Lotus corniculatus*) root nodules: morphogenesis and the effect of forage harvest on structure and function
C.P. VANCE, L.E.B. JOHNSON, S.STADE, and
R.G. GROAT **505**

Johnson, L.E.B.
Defense patterns in nonhost higher plant species against two powdery mildew fungi. I. Monocotyledonous species
L.E.B. JOHNSON, W.R. BUSHNELL, and R.J. ZEYEN **1068**

Johnson, W.C.
The effects of altered hydrologic regime on tree growth along the Missouri River in North Dakota
PEGGY W. REILY and W. CARTER JOHNSON **2410**

Joudrier, P.
Genetic control of β-amylase isozymes in common or hexaploid wheat (*Triticum aestivum*)
P. JOUDRIER and G. GOBIN **1653**

Junttila, O.
Gibberellin-like activity in shoots of *Salix pentandra* as related to the elongation growth
OLAVI JUNTTILA **1231**

Kakishima, M.
Puccinia phaeospora sp. nov., a perfect state of *Aecidium nanocnides*
YOSHITAKA ONO and MAKOTO KAKISHIMA **1200**

Kaminskyj, S.G.W.
An evaluation of the nitrous acid – 3-methyl-2-benzothiazolinone hydrazone hydrochloride – ferric chloride assay for chitin in rust fungi and rust-infected tissue
SUSAN G.W. KAMINSKYJ and MICHÈLE C. HEATH **2575**

Kaplan, D.R.
The mechanism of plication inception in palm leaves: problem and developmental morphology
DONALD R. KAPLAN, NANCY G. DENGLER, and
RONALD E. DENGLER **2939**

Kaplan, D.R.
The mechanism of plication inception in palm leaves: histogenetic observations on the pinnate leaf of *Chrysalidocarpus lutescens*
NANCY G. DENGLER, RONALD E. DENGLER, and
DONALD R. KAPLAN **2976**

Kaplan, D.R.
The mechanism of plication inception in palm leaves: histogenetic observations on the palmate leaf of *Rhapis excelsa*
DONALD R. KAPLAN, NANCY G. DENGLER, and
RONALD E. DENGLER **2999**

Kearney, M.S.
Recent seedling establishment at timberline in Jasper National Park, Alta.
MICHAEL S. KEARNEY **2283**

Keighley, J.L.S.
Nitrate modification of photosynthesis and photoassimilate export in young nodulated soybean plants
D.J. URSINO, D.M. HUNTER, R.D. LAING, and
J.L.S. KEIGHLEY **2665**

Kemp, G.A.
Dinitrogen fixation in *Phaseolus vulgaris* at low temperatures: interation of temperature, growth stage, and time of inoculation
R.J. RENNIE and G.A. KEMP **1423**

Kemp, L.
Morphological and growth responses of geographically isolated *Macrocystis integrifolia* populations when grown in a common environment
LOUIS D. DRUEHL and LINDLEY KEMP **1409**

Kennedy, H.
Calathea burle-marxii and **Ctenanthe burle-marxii** (Marantaceae): two new cultivated species from Brazil
HELEN KENNEDY **2365**

Khan, R.S.
New and interesting *Chaetomium* species from East Africa
A. CARTER and R.S. KHAN **1253**

Kimbrough, J.W.
Culture and cytological development of *Rhytidhysterium rufulum* on citrus
JOSE L. BEZERRA and JAMES W. KIMBROUGH **568**

Kirby, E.G.
Surface structural analysis of cultured cotyledons of Douglas-fir
EDWARD G. KIRBY and MARGARETHA E. SCHALK **2729**

Klos, E.J.
Inheritance of an ascospore abortion factor in *Venturia inaequalis*
K.S. YODER, E.J. KLOS, H. NOWACKA, and
A. BIELENIN **2105**

Knapp, A.K.
Factors influencing understory seedling establishment of Engelmann spruce (*Picea engelmannii*) and subalpine fir (*Abies lasiocarpa*) in southeast Wyoming
ALAN K. KNAPP and WILLIAM K. SMITH **2753**

Kohmoto, K.
Comparative effects of fixation methods using tannic acid on contrast of stained and unstained sections from Spurr-embedded plant leaves
PYOYAN PARK, SHINGO YAMAMOTO, KEISUKE KOHMOTO, and HIROSHI OTANI **1796**

Kott, L.S.
A comparative study of sporophyte morphology of the three cytotypes of *Polypodium virginianum* in Ontario
L.S. KOTT and D.M. BRITTON **1360**

Kott, L.S.
A comparative study of spore germination of some *Isoetes* species of northeastern North America
L.S. KOTT and D.M. BRITTON **1679**

Kozlowski, T.T.
Responses of *Ulmus americana* seedlings to flooding of soil
R.D. NEWSOME, T.T. KOZLOWSKI, and Z.C. TANG **1688**

Kremer, D.F.
Effects of shortened day length upon translocation and starch accumulation by maize, wheat, and pangola grass leaves
RICHARD C. SICHER, WILLIAM G. HARRIS, DIANE F. KREMER, and N. JERRY CHATTERTON **1304**

Kuijt, J.
Mycocalicium viscinicola sp. nov. (Caliciales) on mistletoe viscin in South America
A. FUNK and JOB KUIJT **191**

Labine, C.
Solar radiation attenuation in a hillside jack pine forest
D.W.A. WHITFIELD, L.A. MEHLENBACHER, and C. LABINE **1913**

Lachance, M.-A.
Evolutionary significance of physiological relationships among yeast communities associated with trees
MARE-ANDRÉ LACHANCE and WILLIAM T. STARMER **285**

Lachaud, S.
Xylogénèse chez les dicotylédones arborescentes. III. Transport de l'auxine et activité cambiale dans les jeunes tiges de Hêtre
S. LACHAUD et J.L. BONNEMAIN **869**

Lafontaine, J.-G.
An ultracytochemical study of nuclear bodies in meristematic plant cells (*Cicer arietinum*)
B.T. LUCK and J.-G. LAFONTAINE **611**

Lahlou, H.
Étude du polymorphisme intraclonal chez le *Verticillium albo-atrum*, forme à microsclérotes. II. Influence de l'âge des thalles sur leur descendance par microconidies
CLAUDE BOISSON et HOURIA LAHLOU **19**

Laing, R.D.
Nitrate modification of photosynthesis and photoassimilate export in young nodulated soybean plants
D.J. URSINO, D.M. HUNTER, R.D. LAING, and J.L.S. KEIGHLEY **2665**

Langhans, R.W.
Formation of epicuticular wax and its effect on water loss in cabbage plants regenerated from shoot-tip culture
E. SUTTER and R.W. LANGHANS **2896**

Lapp, M.S.
Chemosystematic studies in the genus *Pinus*. IV. Leaf oil composition and geographic variation in jack pine of eastern North America
MARTIN S. LAPP and E. VON RUDLOFF **2762**

Latgé, J.P.
Étude en microscopie électronique de *Conidiobolus obscurus*. I. Formation et germination des azygospores
J.P. LATGÉ, M.C. PRÉVOST, D.F. PERRY et O. REISINGER **413**

Lazarek, S.
Structure and function of a cyanophytan mat community in an acidified lake
STANISLAW LAZAREK **2235**

Lees, G.L.
Morphological characteristics of leaves from some legume forages: relation to digestion and mechanical strength
G.L. LEES, R.E. HOWARTH, and B.P. GOPLEN **2126**

Lefkovitch, L.P.
Character set incongruence in *Medicago*
ERNEST SMALL, L.P. LEFKOVITCH, and D. CLASSEN **2505**

Lemmon, B.E.
Spore wall development in *Sphagnum lescurii*
ROY CURTISS BROWN, BETTY E. LEMMON, and ZANE B. CAROTHERS **2394**

Lersten, N.R.
Hydathodes in *Physocarpus* (Rosaceae: Spiraeoideae)
NELS R. LERSTEN and JOHN D. CURTIS **850**

Leversee, G.J.
The disposition of benzo(a)pyrene in the periphyton communities of two South Carolina streams: uptake and biotransformation
MARY G. BRUNO, TIMOTHY E. FANNIN, and GORDON J. LEVERSEE **2084**

Lewis, W.H.
Plants for man: their potential in human health
WALTER H. LEWIS **310**

Lieffers, V.J.
Seasonal growth and standing crop of *Scirpus maritimus* var. *paludosus* in Saskatchewan
V.J. LIEFFERS and JENNIFER M. SHAY **117**

Lieffers, V.J.
Distribution and variation in growth of *Scirpus maritimus* var. *paludosus* on the Canadian prairies
V.J. LIEFFERS and JENNIFER M. SHAY **1938**

Lin, J.
Cellular components of the midstylar transmitting tissue of *Prunus avium*
W.J. UWATE, J. LIN, K. RYUGO, and V. STALLMAN **98**

Liu, M.-C.
Histogenesis of sugarcane callus originating from young leaf and stem tip explants
MING-CHIN LIU, WEN-HUEI CHEN, and SOH-CHAO SHIH **2889**

Loerakker, W.M.
Laetisaria and *Limonomyces* species (Corticiaceae causing pink diseases in turf grasses
J.A. STALPERS and W.M. LOERAKKER **529**

LoGullo, M.A.
Osmotically induced volume changes in protoplasts isolated from *Cucurbita ficifolia*
M.T. TYREE, S. SALLEO, M.A. LOGULLO, G.F. BARCLAY, A. SALLEO, and R. ROSSO **730**

Longly, B.
Calendrier des sporogénèses et gamétogénèses femelles chez le diploïde et le tétraploïde induit de *Brachiaria ruziziensis* (Graminée)
J. GOBBE, BÉATRICE LONGLY et B.-P. LOUANT **2032**

Lott, J.N.A.
Protein bodies in umbelliferous seeds. I. Structure
ERNEST SPITZER and JOHN N.A. LOTT **1381**

Lott, J.N.A.
Protein bodies in unbelliferous seeds. II. Elemental composition
ERNEST SPITZER and JOHN N.A. LOTT **1392**

Lott, J.N.A.
Protein bodies in umbelliferous seeds. III. Characterization of calcium-rich crystals
ERNEST SPITZER and JOHN N.A. LOTT **1399**

Lott, J.N.A.
Calcium mobilization into developing seedlings of umbelliferous plants
JOHN N.A. LOTT, ERNEST SPITZER, and CATHERINE M. VOLLMER **1404**

Louant, B.-P.
Calendrier des sporogénèses et gamétogénèses femelles chez le diploïde et le tétraploïde induit de *Brachiaria ruziziensis* (Graminée)
J. GOBBE, BÉATRICE LONGLY et B.-P. LOUANT **2032**

Lowe, S.B.
Early development of cassava (*Manihot esculenta*)
S.B. LOWE, J.D. MAHON, and L.A. HUNT **3040**

Luck, B.T.
An ultracytochemical study of nuclear bodies in meristematic plant cells (*Cicer arietinum*)
B.T. LUCK and J.-G. LAFONTAINE **611**

MacDonald, M.J.
Cell-associated and extracellular cellulolytic enzyme activity in the marine fungus *Dendryphiella arenaria*
MALCOLM J. MACDONALD and MARILYN K. SPEEDIE **838**

Macdowall, F.D.H.
Effects or root environment on the kinetics of 1st month growth and nodulation of alfalfa
F.D.H. MACDOWALL **888**

Madore, M.
Stachyose synthesis in isolated mesophyll cells of *Cucurbita pepo*
MONICA MADORE and J.A. WEBB **126**

Mahon, J.D.
Effects of pea (*Pisum sativum*) genotypes and *Rhizobium leguminosarum* strains on $N_2(C_2H_2)$ fixation and growth
S.L.A. HOBBS and J.D. MAHON **2594**

Mahon, J.D.
Early development of cassava (*Manihot esculenta*)
S.B. LOWE, J.D. MAHON, and L.A. HUNT **3040**

Maillette, L.
Needle demography and growth pattern of Corsican pine
LUCIE MAILLETTE **105**

Malloch, B.
The mycorrhizal status of boreal plants: additional species from northeastern Ontario
D. MALLOCH and B. MALLOCH **1035**

Malloch, D.
An undescribed species of *Inocybe* from mine wastes in Ontario
DAVID MALLOCH **40**

Malloch, D.
The mycorrhizal status of boreal plants: additional species from northeastern Ontario
D. MALLOCH and B. MALLOCH **1035**

Malloch, D.
A novel taxonomic character for *Chaetomium* as illustrated by the new species *Chaetomium hexagonosporum*
A. CARTER and D. MALLOCH **1249**

Manchester, J.
Potassium involvement not demonstrated in stomatal movements of *Paphiopedilum*. Qualified confirmation of the Nelson–Mayo report
WILLIAM H. OUTLAW, JR., JILL MANCHESTER, and VINCENT E. ZENGER **240**

Mani, M.
Role of nutritional factors and light in the sporulation of two isolates of *Myrothecium roridum*
MALATHY MANI and R.N. SWAMY **549**

Marinucci, A.C.
A component model od decomposition of *Spartina alterniflora* in a New Jersey salt marsh
ANDREW C. MARINUCCI and R. BARTHA **1618**

Markley, J.L.
Latitudinal differentiation in response to chilling temperatures among populations of three mangroves, *Avicennia germinans*, *Laguncularia racemosa*, and *Rhizophora mangle*, from the western tropical Atlantic and Pacific Panama
JONATHAN L. MARKLEY, CALVIN MCMILLAN, and GUY A. THOMPSON, JR. **2704**

Marriage, P.B.
Geographical variation in populations of *Chenopodium album* resistant and susceptible to atrazine. I. Between- and within-population variation in growth and response to atrazine
S.I. WARWICK and P.B. MARRIAGE **483**

Marriage, P.B.
Geographical variation in populations of *Chenopodium album* resistant and susceptible to atrazine. II. Photoperiod and reciprocal transplant studies
S.I. WARWICK and P.B. MARRIAGE **494**

Martin, W.L.
Phytomass: Structural relationships for woody plant species in the understory of an Appalachian oak forest
WAYNE L. MARTIN, TERRY L. SHARIK, RICHARD G. ODERWALD, and DAVID WM. SMITH **1923**

Matheron, B.
Bilans nutritifs glucidique et azoté de tissus de tubercules de topinambour cultivés *in vitro* après irradiation gamma
JANINE SCHAEVERBEKE-SACRÉ et BÉATRICE MATHERON **2215**

Matthew, K.K.
Chemical characteristics of the foliage of some deciduous trees in southeastern Ontario
ROBERT E. RICKLEFS and KATHRYN K. MATTHEW **2037**

Matthews, M.S.
Growth and morphology of submersed freshwater macrophytes in relation to light and temperature
J.W. BARKO, D.G. HARDIN, and M.S. MATTHEWS **877**

Matthysse, A.G.
Starch-enhanced synthesis and release of amylolytic enzymes from normal and crown gall tumor tobacco tissue culture cells
CHARLES VOLIVA, GUSTAVE W. MOESSEN, and ANN G. MATTHYSSE **1474**

Maun, M.A.
A multivariate approach to the problem of decline in vigour of *Ammophild*
R.A. ELDRED and M.A. MAUN **1371**

Maze, J.
Morphogenesis of the spikelets and inflorescence of *Andropogon gerardii* Vit. (Gramineae) and the relationship between form, information theory, and thermodynamics
JACK MAZE and R.K. SCAGEL **806**

Maze, J.
Patterns of dry-matter distribution in transplanted populations of *Trifolium repens* and its bearing on ecological interpretations
ROY TURKINGTON and JACK MAZE **2014**

McCandless, E.L.
The effect of sulphate concentration on the uptake and incorporation of [^{35}S]sulphate in *Chondrus crispus*
SUSAN G. JACKSON and ESTHER L. MCCANDLESS **162**

McCracken, F.I.
Some factors affecting basidiospore germination of *Pleurotus sapidus*
FRANCIS I. MCCRACKEN **1658**

McCully, M.E.
Nuclear and cytoplasmic anomalies in root tips of corn (*Zea mays* L.)
JANET VERMEER and M.E. MCCULLY **463**

McDermott, B.M.
Changes in carbohydrate levels during ice encasement and flooding of winter cereals
B.D. MCKERSIE, B.M. MCDERMOTT, L.A. HUNT, and V. POYSA **1822**

McDowell, W.D.
Lateral stress initiates bending responses in dandelion peduncles: a clue to geotropism?
P.E. CLIFFORD, D.S. FENSOM, B.I. MUNT, and W.D. MCDOWELL **2671**

McHughen, A.
Inducing organ generation *in vitro*: sepal–petal structures from tobacco flower buds
ALLAN MCHUGHEN **845**

McKerracher, L.
Cell and nucleomorph division in the alga *Cryptomonas*
LISA MCKERRACHER and SARAH P. GIBBS **2440**

McKersie, B.D.
Solute leakage from susceptible and tolerant cultivars of *Phaseolus vulgaris* following ozone exposure
B.D. MCKERSIE, P. HUCL, and W.D. BEVERSDORF **73**

McKersie, B.D.
Changes in carbohydrate levels during ice encasement and flooding of winter cereals
B.D. MCKERSIE, B.M. MCDERMOTT, L.A. HUNT, and V. POYSA **1822**

McKersie, B.D.
Relationship of leaf parameters with genetic ozone insensitivity in selected *Phaseolus vulgaris* cultivars
P. HUCL, W.D. BEVERSDORF, and B.D. MCKERSIE **2187**

McKersie, B.D.
The relationship between ozone insensitivity, lipidsoluble antioxidants, and superoxide dismutase in *Phaseolus vulgaris*
B.D. MCKERSIE, W.D. BEVERSDOF, and P. HUCL **2686**

McMillan, C.
Latitudinal differentiation in response to chilling temperatures among populations of three mangroves, *Avicennia germinans*, *Laguncularia racemosa*, and *Rhizophora mangle*, from the western tropical Atlantic and Pacific Panama
JONATHAN L. MARKLEY, CALVIN MCMILLAN, and GUY A. THOMPSON, JR. **2704**

McNabb, H.S., Jr.
Populations of endogonaceous fungi at two locations in central Iowa
CHRISTOPHER WALKER, CARL W. MIZE, and HAROLD S. MCNABB, JR. **2518**

McNeill, J.
Population variation in *Plantago major* from southern Ontario
S.I. WARWICK and J. MCNEILL **2846**

Mehlenbacher, L.A.
Solar radiation attenuation in a hillside jack pine forest

Molder, M.
Sexual reproduction of *Pinus contorta*. II. Postdormancy ovule, embryo, and seed development
JOHN N. OWENS, SHEILA J. SIMPSON, and MARJE MOLDER **2071**

Montes, R.A.
The effects of ozone and nitrogen fertilizer on tall fescue, ladino clover, and a fescue–clover mixture. I. Growth, regrowth, and forage production
RUBEN A. MONTES, UDO BLUM, and ALLEN S. HEAGLE **2745**

Moore, L.A.
The effect of microhabitat, spatial distribution, and display size on dispersal of *Lindera benzoin* by avian frugivores
LINDA A. MOORE and MARY F. WILLSON **557**

Moore, L.D.
The free sterol, steryl ester, and steryl glycoside content of tomato cultivars resistant and susceptible to *Phytophthora infestans*
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **1469**

Moore, L.D.
Light-induced alteration of leaf sterol content and late blight disease development in tomato
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **2724**

Moore, R.
Studies of vegetative compatibility–incompatibility in higher plants. V. A morphometric analysis of the development of a compatible and an incompatible graft
RANDY MOORE **2780**

Moore, T.R.
A laboratory study of postfire nutrient redistribution in subarctic spruce–lichen woodlands
M.-A. DUBREUIL and T.R. MOORE **2511**

Moore, T.S., Jr.
Phytohormone changes in *Bouteloua gracilis* infected by vesicular–arbuscular mycorrhizae: II. Altered levels of gibberellin-like substances and abscisic acid in the host plant
MICHAEL F. ALLEN, THOMAS S. MOORE, JR., and MARTHA CHRISTENSEN **468**

Moore-Parkhurst, S.
Mycorrhizal status of *Rhododendron* spp. in commercial nurseries in Rhode Island
S. MOORE-PARKHURST and L. ENGLANDER **2342**

Morden-Moore, A.L.
On the ecological significance of fruit color in *Prunus serotina* and *Rubus occidentalis*: field experiments
ANDREA L. MORDEN-MOORE and MARY F. WILLSON **1554**

Morehart, A.L.
Influence of water stress on *Verticillium* wilt of yellow-poplar
A.L. MOREHART and G.L. MELCHIOR **201**

Mortimer, D.C.
Interactive patterns of methyl mercury toxicity in nuclear and cell division of apical meristems of *Elodea densa* at low concentrations and long-term exposures in vivo
M. CZUBA and D.C. MORTIMER **657**

Morton, J.K.
A biosystematic study of the *Solidago canadensis* (Compositae) complex. I. The Ontario populations
MENTOR R. MELVILLE and JOHN K. MORTON **976**

Mott, R.L.
Axenic cultures from basidiospores of *Cronartium ribicola*
ALEX M. DINER and RALPH L. MOTT **1950**

Muller, J.
Étude ultrastructurale des coiffes des racines de chêne (*Quercus robur*). I. Les pivots
JEAN DEXHEIMER, JEAN MULLER et ARTHUR RIEDACKER **620**

Müller, W.J.
Studies of phosphorus and potassium deficiences in *Trifolium subterraneum* based on electrical measurements
CHARLES G. GREENHAM, PETER J. RANDALL, and WARREN J. MÜLLER **634**

Munawar, I.F.
Phycological studies in lakes Ontario, Erie, Huron, and Superior
M. MUNAWAR and I.F. MUNAWAR **1837**

Munawar, M.
Phycological studies in lakes Ontario, Erie, Huron, and Superior
M. MUNAWAR and I.F. MUNAWAR **1837**

Munt, B.I.
Lateral stress initiates bending responses in dandelion peduncles: a clue to geotropism?
P.E. CLIFFORD, D.S. FENSOM, B.I. MUNT, and W.D. MCDOWELL **2671**

Nagaraj, M.
Studies in Gentianaceae. Embryology of *Swertia minor* (Gentianinae)
K. SANKARA RAO and M. NAGARAJ **141**

Nag Raj, T.R.
Genera Coelomycetum. XX. *Crucellisporiopsis* anam. gen. nov., a discomycete analog
T.R. NAG RAJ **2601**

Namboodiri, A.N.
The germination of pollinium and the organization of germ furrow in some members of Asclepiadaceae
P. SREEDEVI and A.N. NAMBOODIRI **166**

Narayana, L.L.
Floral anatomy of Pittosporaceae: five species of *Pittosporum*
L.L. NARAYANA and M. RADHAKRISHNAIAH **1859**

Naylor, J.M.
Dormancy studies in seed of *Avena fatua*. 13. Influence of drought stress during seed development on duration of seed dormancy
RAMMA SAWHNEY and J.M. NAYLOR **1016**

Naylor, J.M.
Coadaptation of seed dormancy and hormonal-dependence of α-amylase production in endosperm segments of *Avena fatua*
MAHESH K. UPADHYAYA, JAMES M. NAYLOR, and GRAHAM M. SIMPSON **1142**

Naylor, J.M.
Adaptation for herbicide tolerance in populations of *Avena fatua*
S. JANA and J.M. NAYLOR **1611**

Nessler, C.L.
Ultrastructure of laticifers in seedlings of *Glaucium flavum* (Papaveraceae)
CRAIG L. NESSLER **561**

Nester, J.E.
Antheridogen activity of *Anemia mexicana*
J.E. NESTER and M.D. SCHEDLBAUER **1606**

Neumann, P.
Croissance et fructification de *Ceratocystis* spp. avec attention particulière à *C. piceae* et *C. fimbriata*, en fonction du substrat
A. THUILLIER et P. NEUMANN **358**

Newsome, R.D.
Responses of *Ulmus americana* seedlings to flooding of soil
R.D. NEWSOME, T.T. KOZLOWSKI, and Z.C. TANG **1688**

Nielsen, J.
Inheritance of virulence of *Ustilago tritici* on the differential cultivars Carma, Red Bobs, and a derivative of the cross Thatcher × Regent
J. NIELSEN **1191**

Niks, R.E.
Early abortion of colonies of leaf rust, *Puccinia hordei*, in partially resistant barley seedlings
R.E. NIKS **714**

Nougarède, A.
Effets comparés de la fusicoccine, de la kinétine et de l'ablation de l'axe principal sur le bourgeon cotylédonnaire inhibé du Pois nain
A. NOUGARÈDE, P. RONDET et J. REMBUR **210**

Nougarède, A.
Rhizogénèse adventive dans l'épicotyle du Pois: initiation et structuration de la racine
A. NOUGARÈDE et P. RONDET **261**

Nowacka, H.
Inheritance of an ascospore abortion factor in *Venturia inaequalis*
K.S. YODER, E.J. KLOS, H. NOWACKA, and A. BIELENIN **2105**

Nozeran, R.
Rôle des différents territories foliaires dans le phénomène de la tubérisation chez la patate douce
DARASINH SIHACHAKR, LINE ROSSIGNOL, MARTIAL ROSSIGNOL, et RENÉ NOZERAN **2659**

Nozzolillo, C.
A phenolic–taxometric study of *Medicago* (Leguminosae)
D. CLASSEN, C. NOZZOLILLO, and E. SMALL **2477**

Oberwinkler, F.
On the poroid genera of the Tremellaceae
R. BANDONI, F. OBERWINKLER, and K. WELLS **998**

Oberwinkler, F.
A taxonomic survey of the gasteroid, auricularioid Heterobasidiomycetes
F. OBERWINKLER and R.J. BANDONI **1726**

Oberwinkler, F.
Stilbotulasnella: a new genus in the Tulasnellaceae
R.J. BANDONI and F. OBERWINKLER **1875**

Oderwald, R.G.
Phytomass: Structural relationships for woody plant species in the understory of an Appalachian oak forest
WAYNE L. MARTIN, TERRY L. SHARIK, RICHARD G. ODERWALD, and DAVID WM. SMITH **1923**

Okon, Y.
Presymptomatic multiplication of *Xanthomonas campestris* pv. *vesicatoria* on the surface of pepper leaves
EDNA SHARON, YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **1041**

Okon, Y.
Detection of a necrosis-inducing factor of nonhost plant leaves produced by *Pseudomonas syringae* pv. *tomato*
YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **2453**

Olson, A.R.
Structural changes in the developing fruit wall of *Amelanchier alnifolia*
A. RANDALL OLSON and TAYLOR A. STEEVES **1880**

Ono, Y.
Puccinia phaeospora sp. nov., a perfect state of *Aecidium nanocnides*
YOSHITAKA ONO and MAKOTO KAKISHIMA **1200**

Orcutt, D.M.
The free sterol, steryl ester, and steryl glycoside content of tomato cultivars resistant and susceptible to *Phytophthora infestans*
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **1469**

Orcutt, D.M
Light-induced alteration of leaf sterol content and late blight disease development in tomato
B. BRADFORD, L.D. MOORE, and D.M. ORCUTT **2724**

Ormrod, D.P.
Effects of nickel and copper on *Acer rubrum*, *Cornus stolonifera*, *Lonicera tatarica*, and *Pinus resinosa*
E.L. HEALE and D.P. ORMROD **2674**

Orton, T.J.
Effect of *Fusarium oxysporum* f. sp. *apii* on seed germination in celery (*Apium graveolens*)
T.J. ORTON **34**

Otani, H.
Comparative effects of fixation methods using tannic acid on contrast of stained and unstained sections from Spurr-embedded plant leaves
PYOYAN PARK, SHINGO YAMAMOTO, KEISUKE KOHMOTO, and HIROSHI OTANI **1796**

Otjen, L.
Patterns of decay caused by *Inonotus dryophilus* Aphyllophorales: Hymenochaetaceae), a white-pocket rot fungus of oaks
LEWIS OTJEN and ROBERT A. BLANCHETTE **2770**

Outlaw, W.H., Jr.
Potassium involvement not demonstrated in stomatal movements of *Paphiopedilum*. Qualified confirmation of the Nelson–Mayo report
WILLIAM H. OUTLAW, JR., JILL MANCHESTER, and VINCENT E. ZENGER **240**

Owens, J.N.
Sexual reproduction of *Pinus contorta*. II. Postdormancy ovule, embryo, and seed development
JOHN N. OWENS, SHEILA J. SIMPSON, and MARJE MOLDER **2071**

Owens, J.N.
Sexual reproduction in grand fir (*Abies grandis*)
HARDEV SINGH and JOHN N. OWENS **2197**

Owens, J.N.
Vegetative bud development and the time and method of cone initiation in subalpine fir (*Abies lasiocarpa*)
JOHN N. OWENS and HARDEV SINGH **2249**

Packer, J.G.
Typification of *Oxytropis monticola*
W.J. ELISENS and J.G. PACKER **1580**

Paerl, H.W.
In situ H_2 production and utilization by natural populations of N_2-fixing blue-green algae
HANS W. PAERL **2542**

Paliwal, Y.C.
Detection of barley yellow dwarf virus in aphids by serologically specific electron microscopy
Y.C. PALIWAL **179**

Pargney, J.C.
Étude ultrastructurale des tubes polliniques angiospermiens: application de quelques techniques cytochimiques
J.C. PARGNEY **1167**

Parguey-Leduc, A.
La paroi des asques chez les Pyrénomycètes: étude ultrastructurale. I. Les asques bituniqués typiques
A. PARGUEY-LEDUC et M.C. JANEX-FAVRE **1222**

Parisot, D.
Isolation and genetic analysis of self-sterility and perithecial pigmentation mutants in a homothallic isolate of *Nectria haematococca*
A. BABAI-AHARY, M.J. DABOUSSI-BAREYRE, and D. PARISOT **79**

Park, P.
Comparative effects of fixation methods using tannic acid on contrast of stained and unstained sections from Spurr-embedded plant leaves
PYOYAN PARK, SHINGO YAMAMOTO, KEISUKE KOHMOTO, and HIROSHI OTANI **1796**

Parkinson, D.
Initial vesicular–arbuscular mycorrhizal development slender wheatgrass on two amended mine spoils
J.C. ZAK and D. PARKINSON **2241**

Patwary, M.U.
Genetics of *Gracilaria tikvahiae* (Rhodophyceae). VIII. Phenotypic and genetic characterization of some selected morphological mutants
MOHSIN U. PATWARY and JOHN P. VAN DER MEER **2556**

Pendland, J.C.
Ultrastructural aspects of conidiogenesis in the entomogenous hyphomycete *Nomuraea rileyi*
J.C. PENDLAND and D.G. BOUCIAS **26**

Pendland, J.C.
Resistant structures in the entomogenous hyphomycete, *Nomuraea rileyi*: an ultrastructural study
J.C. PENDLAND **1569**

Penner, D.
The site of electron transport inhibition by bentazon (3-isopropyl-1*H*-2,1,3-benzothiadiazin-(4)3*H*-one
RUNGSIT SUWANKETNIKOM, KRITON K. HATZIOS, DONALD PENNER, and DUNCAN BELL **409**

Pepper, J.M.
Water-soluble products from the degradation of aspen lignin by *Phanerochaete chrysosporium*
IAN D. REID, GARTH D. ABRAMS, and JAMES M. PEPPER **2357**

Perry, D.F.
Étude en microscopie électronique de *Conidiobolus obscurus*. I. Formation et germination des azygospores
J.P. LATGÉ, M.C. PRÉVOST, D.F. PERRY et O. REISINGER **413**

Peterson, C.A.
Transport of fluorescein in trichomes of *Lycopersicon esculentum*
GREGOR F. BARCLAY, CAROL A. PETERSON, and MELVIN T. TYREE **397**

Peterson, C.A.
Identification of a Casparian band in the hypodermis of onion and corn roots
CAROL A. PETERSON, MARY E. EMANUEL, and CHRISTINE WILSON **1529**

Peterson, R.L.
Ontogeny of dichotomizing apices in mycorrhizal short roots of *Pinus strobus*
YVES PICHE, J. ANDRÉ FORTIN, R.L. PETERSON, and U. POSLUSZNY **1523**

Petitprez, M.
Contribution à l'étude de l'activité toxique de l'*Helminthosporium teres*, parasite de l'orge (*Hordeum vulgare*)
GÉRARD BARRAULT, BASIL AL-ALI, MICHEL PETITPREZ et LOUIS ALBERTINI **330**

Petrini, O.
Endophytic fungi in evergreen shrubs in western Oregon: A preliminary study
ORLANDO PETRINI, JEFFREY STONE, and FANNY E. CARROLL **789**

Piche, Y.
Ontogeny of dichotomizing apices in mycorrhizal short roots of *Pinus strobus*
YVES PICHE, J. ANDRÉ FORTIN, R.L. PETERSON, and U. POSLUSZNY **1523**

Pizzolato, T.D.
Anatomical modification by 2,4-DB of vascular cambium and secondary xylem in soybean internodes
THOMPSON DEMETRIO PIZZOLATO **2142**

Polowick, P.L.
The origin and development of root buds in *Asclepias syriaca*
PATRICIA L. POLOWICK and M.V.S. RAJU **2119**

Popoff, T.
Changes in organic chemical components of needle litter during decomposition. Long-term decomposition in a Scots pine forestai I
BJÖRN BERG, KAI HANNUS, THOMAS POPOFF, and OLAF THEANDER **1310**

Porter, G.L.
Vegetation structure and diversity components of a Fraser estuary tidal marsh
GARY E. BRADFIELD and GLENDON L. PORTER **440**

Posluszny, U.
Ontogeny of dichotomizing apices in mycorrhizal short roots of *Pinus strobus*
YVES PICHE, J. ANDRÉ FORTIN, R.L. PETERSON, and U. POSLUSZNY **1523**

Posluszny, U.
Foral development in *Caulophyllum thalictroides* (Berberidaceae)
J.F. BRETT and U. POSLUSZNY **2133**

Poulin, M.
Sea ice diatoms from Manitounuk Sound, southeastern Hudson Bay (Quebéc, Canada). I. Family Naviculaceae
MICHEL POULIN and ANDRÉ CARDINAL **1263**

Poulin, M.
Sea ice diatoms from Manitounuk Sound, southeastern Hudson Bay (Quebec, Canada). II. Naviculaceae, genus *Navicula*
MICHEL POULIN and ANDRÉ CARDINAL **2825**

Poysa, V.
Changes in carbohydrate levels during ice encasement and flooding of winter cereals
B.D. MCKERSIE, B.M. MCDERMOTT, L.A. HUNT, and V. POYSA **1822**

Prévost, M.C.
Étude en microscopie électronique de *Conidiobolus obscurus*. I. Formation et germination des azygospores
J.P. LATGÉ, M.C. PRÉVOST, D.F. PERRY et O. REISINGER **413**

Price, S.D.
Tristyly in *Pontederia cordata* L. (Pontederiaceae)
STEVEN D. PRICE and SPENCER C.H. BARRETT **897**

Proctor, J.T.A.
Analysis of the effects of the spotted tentiform leafminer (*Phyllonorycter blancardella*) on the photosynthetic characteristics of apple leaves
J.T.A. PROCTOR, J.M. BODNAR, W.J. BLACKBURN, and R.L. WATSON **2734**

Quick, W.A.
Studies of acid-soluble phosphorus compounds in genetically pure lines of *Avena fatua* with different dormancy characteristics
J.C. JAIN, W.A. QUICK, and A.I. HSIAO **2099**

Radhakrishnaiah, M.
Floral anatomy of Pittosporaceae: five species of *Pittosporum*
L.L. NARAYANA and M. RADHAKRISHNAIAH **1859**

Ragetli, H.W.J.
Isolation and properties of filamentous viruslike particles associated with little cherry disease in *Prunus avium*
H.W.J. RAGETLI, M. ELDER, and B.K. SCHROEDER **1235**

Raghu Kumar, S.
Fine structure of the thraustochytrid *Ulkenia amoeboidea*. I. Vegetative thallus and formation of the amoeboid stage
S. RAGHU KUMAR **1092**

Raghu Kumar, S.
Fine structure of the thraustochytrid *Ulkenia amoeboidea*. II. The amoeboid stage and formation of zoospores
S. RAGHU KUMAR **1103**

Raju, M.V.S.
The origin and development of root buds in *Asclepias syriaca*
PATRICIA L. POLOWICK and M.V.S. RAJU **2119**

Randall, P.J.
Studies of phosphorus and potassium deficiences in *Trifolium subterraneum* based on electrical measurements
CHARLES G. GREENHAM, PETER J. RANDALL, and WARREN J. MÜLLER **634**

Rao, K.
Studies in Gentianaceae. Embryology of *Swertia minor* (Gentianinae)
K. SANKARA RAO and M. NAGARAJ **141**

Ravishankar, G.A.
Regulation of nicotine biogenesis. 3. Biochemical basis of increased nicotine biogenesis by urea in tissue cultures of tobacco
G.A. RAVISHANKAR and A.R. MEHTA **2371**

Read, D.J.
An ultrastructural analysis of the development of mycorrhizas in *Rhododendron ponticum*
J. DUDDRIDGE and D.J. READ **2345**

Reader, R.J.
Geographic variation in the shoot productivity of bog shrubs and some environmental correlates
R.J. READER **340**

Redhead, S.A.
Présence de *Typhula mycophaga* sp. nov. sur *Lycoperdon* en Colombie-Britannique
J. BERTHIER et S.A. REDHEAD **1428**

Redhead, S.A.
New species and new records of Tricholomataceae (Agaricales) from China
S.A. REDHEAD and L. BO **1479**

Redhead, S.A.
The application of *Helotium* to agarics. Part I. Nomenclature. Part II. Notes on selected species from Canada
S.A. REDHEAD **1998**

Reid, D.M.
A comparison of two techniques for growing minimally water-stressed plants
KERRY T. HUBICK, DAVID R. DRAKEFORD, and DAVID M. REID **219**

Reid, I.D.
Effect of an atmosphere of oxygen on growth, respiration, and lignin degradation by white-rot fungi
IAN D. REID and KEITH A. SEIFERT **252**

Reid, I.D.
Water-soluble products from the degradation of aspen lignin by *Phanerochaete chrysosporium*
IAN D. REID, GARTH D. ABRAMS, and JAMES M. PEPPER **2357**

Reily, P.W.
The effects of altered hydrologic regime on tree growth along the Missouri River in North Dakota
PEGGY W. REILY and W. CARTER JOHNSON **2410**

Reinero, A.
Changes of *Araucaria araucana* seed reserves during germination and early seedling growth
LILIANA CARDEMIL and ANTONIO REINERO **1629**

Reisinger, O.
Étude en microscopie électronique de *Conidiobolus obscurus*. I. Formation et germination des azygospores

Sharma, H.C.
Variability in spikelet disarticulation in *Agropyron* species
H.C. SHARMA and B.S. GILL **1771**

Sharon, E.
Presymptomatic multiplication of *Xanthomonas campestris* pv. *vesicatoria* on the surface of pepper leaves
EDNA SHARON, YOAV BASHAN, YAACOV OKON, and YIGAL HENIS **1041**

Shay, J.M.
Seasonal growth and standing crop of *Scirpus maritimus* var. *paludosus* in Saskatchewan
V.J. LIEFFERS and JENNIFER M. SHAY **117**

Shay, J.M.
Distribution and variation in growth of *Scirpus maritimus* var. *paludosus* on the Canadian prairies
V.J. LIEFFERS and JENNIFER M. SHAY **1938**

Sheath, R.G.
Effects of long-term natural acidification on the algal communities of tundra ponds at the Smoking Hills, N.W.T., Canada
R.G. SHEATH, M. HAVAS, J.A. HELLEBUST, and T.C. HUTCHINSON **58**

Sheath, R.G.
A checklist of freshwater algae of the Northwest Territories, Canada
ROBERT G. SHEATH and ALAN D. STEINMAN **1964**

Shih, S.-C.
Histogenesis of sugarcane callus originating from young leaf and stem tip explants
MING-CHIN LIU, WEN-HUEI CHEN, and SOH-CHAO SHIH **2889**

Shorthouse, J.D.
Morphology of the balsam fir needle gall induced by the midge *Paradiplosis tumifex* (Diptera: Cecidomyiidae)
R.J. WEST and J.D. SHORTHOUSE **131**

Shuler, M.L.
On the nonideality of chemostat operation using plant cell suspension cultures
O.P. SAHAI and M.L. SHULER **692**

Sicher, R.C.
Effects of shortened day length upon translocation and starch accumulation by maize, wheat, and pangola grass leaves
RICHARD C. SICHER, WILLIAM G. HARRIS, DIANE F. KREMER, and N. JERRY CHATTERTON **1304**

Sihachakr, D.
Rôle des différents territories foliaires dans le phénomène de la tubérisation chez la patate douce
DARASINH SIHACHAKR, LINE ROSSIGNOL, MARTIAL ROSSIGNOL, et RENÉ NOZERAN **2659**

Silvy, A.
La première feuille des plantules d'orge. I. Morphogenèse, les épidermes
A. SILVY **2864**

Silvy, A.
La première feuille des plantules d'orge. II. Croissance en longueur
A. SILVY **2877**

Siminovitch, D.
Augmentation of protoplasm in drought- and cold-hardened winter wheat
Y. CLOUTIER and D. SIMINOVITCH **674**

Simmonds, J.
Temperature and photoperiodic control of flower initiation in a New Guinea *Impatiens* Hybrid
JOHN SIMMONDS **320**

Simmonds, J.
In vitro flowering on leaf explants of *Streptocarpus nobilis*. The influence of culture medium components on vegetative and reproductive development
JOHN SIMMONDS **1461**

Simpson, G.M.
Coadaptation of seed dormancy and hormonal-dependence of α-amylase production in endosperm segments of *Avena fatua*
MAHESH K. UPADHYAYA, JAMES M. NAYLOR, and GRAHAM M. SIMPSON **1142**

Simpson, S.J.
Sexual reproduction of *Pinus contorta*. II. Postdormancy ovule, embryo, and seed development
JOHN N. OWENS, SHEILA J. SIMPSON, and MARJE MOLDER **2071**

Sims, R.A.
Classification of fens near southern James Bay, Ontario, using vegetational physiognomy
RICHARD A. SIMS, DARYL W. COWELL, and GREG M. WICKWARE **2608**

Sinclair, J.
The effect of alpha terthienyl on photosynthesis
JOHN SINCLAIR and THOR ARNASON **2565**

Singh, H.
Sexual reproduction in grand fir (*Abies grandis*)
HARDEV SINGH and JOHN N. OWENS **2197**

Singh, H.
Vegetative bud development and the time and method of cone initiation in subalpine fir (*Abies lasiocarpa*)
JOHN N. OWENS and HARDEV SINGH **2249**

Singh, N.
A key to identify epidermal fragments of Saskatchewan rangeland plants
P.W. RIEGERT and NOREEN SINGH **2461**

Small, E.
A phenolic–taxometric study of *Medicago* (Leguminosae)
D. CLASSEN, C. NOZZOLILLO, and E. SMALL **2477**

Small, E.
Character set incongruence in *Medicago*
ERNEST SMALL, L.P. LEFKOVITCH, and D. CLASSEN **2505**

Smith, A.
Wilts caused by *Verticillium* species. A cytological survey of vascular alterations in leaves
JANE ROBB, ALEXANDRA SMITH, and LLOYD BUSCH **825**

Smith, D.Wm.
Phytomass: Structural relationships for woody plant species in the understory of an Appalachian oak forest
WAYNE L. MARTIN, TERRY L. SHARIK,
RICHARD G. ODERWALD, and DAVID WM. SMITH **1923**

Smith, W.K.
Factors influencing understory seedling establishment of Engelmann spruce (*Picea engelmannii*) and subalpine fir (*Abies lasiocarpa*) in southeast Wyoming
ALAN K. KNAPP and WILLIAM K. SMITH **2753**

Sollins, P.
First-year survival of *Tsuga heterophylla* without mycorrhizae and subsequent ectomycorrhizal development on decaying logs and mineral soil
E. JENNIFER CHRISTY, PHILLIP SOLLINS, and
JAMES M. TRAPPE **1601**

Soto, C.
Effect of naphthalene and aqueous crude oil extracts on the green flagellate *Chlamydomonas angulosa*. V. Heterotrophic responses
J.A. HELLEBUST, C. SOTO, and T.C. HUTCHINSON **1495**

Speedie, M.K.
Cell-associated and extracellular cellulolytic enzyme activity in the marine fungus *Dendryphiella arenaria*
MALCOLM J. MACDONALD and MARILYN K. SPEEDIE **838**

Spitzer, E.
Protein bodies in umbelliferous seeds. I. Structure
ERNEST SPITZER and JOHN N.A. LOTT **1381**

Spitzer, E.
Protein bodies in unbelliferous seeds. II. Elemental composition
ERNEST SPITZER and JOHN N.A. LOTT **1392**

Spitzer, E.
Protein bodies in umbelliferous seeds. III. Characterization of calcium-rich crystals
ERNEST SPITZER and JOHN N.A. LOTT **1399**

Spitzer, E.
Calcium mobilization into developing seedlings of umbelliferous plants
JOHN N.A. LOTT, ERNEST SPITZER, and
CATHERINE M. VOLLMER **1404**

Sreedevi, P.
The germination of pollinium and the organization of germ furrow in some members of Asclepiadaceae
P. SREEDEVI and A.N. NAMBOODIRI **166**

Staaf, H.
Accumulation and release of plant nutrients in decomposing Scots pine needle litter. Long-term decomposition in a Scots pine forest. II
HÅKAN STAAF and BJÖRN BERG **1561**

Stade, S.
Birdsfoot trefoil (*Lotus corniculatus*) root nodules: morphogenesis and the effect of forage harvest on structure and function
C.P. VANCE, L.E.B. JOHNSON, S.STADE, and
R.G. GROAT **505**

Stallman, V.
Cellular components of the midstylar transmitting tissue of *Prunus avium*
W.J. UWATE, J. LIN, K. RYUGO, and V. STALLMAN **98**

Stalpers, J.A.
Laetisaria and *Limonomyces* species (Corticiaceae) causing pink diseases in turf grasses
J.A. STALPERS and W.M. LOERAKKER **529**

Starmer, W.T.
Evolutionary significance of physiological relationships among yeast communities associated with trees
MARE-ANDRÉ LACHANCE and WILLIAM T. STARMER **285**

Starratt, A.N.
Coronatine production *in vitro* and *in vivo* and its relation to symptom development in bacterial blight of soybean
S.S. GNANAMANICKAM, A.N. STARRATT, and
E.W.B. WARD **645**

Steeves, T.A.
The morphology and growth cycle of *Anemone patens*
ALAN G. WILDEMAN and TAYLOR A. STEEVES **1126**

Steeves, T.A.
Structural changes in the developing fruit wall of *Amelanchier alnifolia*
A. RANDALL OLSON and TAYLOR A. STEEVES **1880**

Steinman, A.D.
A checklist of freshwater algae of the Northwest Territories, Canada
ROBERT G. SHEATH and ALAN D. STEINMAN **1964**

Steudle, E.
Measurements of the volumetric and transverse elastic extensibilities of *Chara corallina* internodes by combining the external force and pressure probe techniques
E. STEUDLE, J.M. FERRIER, and J. DAINTY **1503**

Stolte, K.W.
Floral development in *Phoenix dactylifera*
DARLEEN A. DE MASON, KENNETH W. STOLTE, and BRENT TISSERAT **1437**

Stone, J.
Endophytic fungi in evergreen shrubs in western Oregon: A preliminary study
ORLANDO PETRINI, JEFFREY STONE, and FANNY E. CARROLL **789**

Strain, B.R.
Effects of CO_2 enrichment on growth and photosynthesis in *Desmodium paniculatum*
RENATA D. WULFF and BOYD R. STRAIN **1084**

Sumner, M.
Cytological study of palisade development in the seed coat of Candle canola
L. VAN CAESEELE, J.T. MILLS, M. SUMNER, and R. GILLESPIE **2469**

Sundberg, M.D.
Leaf initiation in *Cyclamen persicum* (Primulaceae)
MARSHALL D. SUNDBERG **2231**

Sutherland, J.R.
Penetration of Sitka spruce seeds by the pathogenic fungus *Caloscypha fulgens*
T.A.D. WOODS, S.H. FARRIS, and JACK R. SUTHERLAND **544**

Sutter, E.
Formation of epicuticular wax and its effect on water loss in cabbage plants regenerated from shoot-tip culture
E. SUTTER and R.W. LANGHANS **2896**

Suttle, J.C.
Effects of DPX-4189 (2-chloro-*N*-((4-methoxy-6-methyl-1,3,5-triazin-2-yl) aminocarbonyl) benzenesulfonamide) on anthocyanin synthesis, phenylalanine ammonia lyase activity, and ethylene production in soybean hypocotyls
JEFFREY C. SUTTLE and DONALD R. SCHREINER **741**

Suwanketnikom, R.
The site of electron transport inhibition by bentazon (3-isopropyl-1*H*-2,1,3-benzothiadiazin-(4)3*H*-one
RUNGSIT SUWANKETNIKOM, KRITON K. HATZIOS, DONALD PENNER, and DUNCAN BELL **409**

Svoboda, J.
Seed banks and seedling occurrence in a high Arctic oasis at Alexandra Fjord, Ellesmere Island, Canada
B. FREEDMAN, N. HILL, J. SVOBODA, and G. HENRY **2112**

Swamy, R.N.
Role of nutritional factors and light in the sporulation of two isolates of *Myrothecium roridum*
MALATHY MANI and R.N. SWAMY **549**

Swiecki, T.J.
The role of surface wax in susceptibility of plants to air pollutant injury
TEDMUND J. SWIECKI, ANTON G. ENDRESS, and O.C. TAYLOR **316**

Szijarto, E.
A new hyphomycete parasitic on the ciliated protozoans *Vorticella* and *Opercularia*
G.L. BARRON and E. SZIJARTO **1031**

Szijarto, E.
Structure and biology of a new hyphomycete parasitic on rotifers
G.L. BARRON and E. SZIJARTO **1212**

Tang, Z.C.
Responses of *Ulmus americana* seedlings to flooding of soil
R.D. NEWSOME, T.T. KOZLOWSKI, and Z.C. TANG **1688**

Tanno, J.A.
Variegation in *Selaginella martensii* f. *albovariegata*. I. Expression and inheritance
JAMES A. TANNO and TERRY R. WEBSTER **2375**

Tanno, J.A.
Variegation in *Selaginella martensii* f. *albovariegata*. II. Plastid structure in mature leaves
JAMES A. TANNO and TERRY R. WEBSTER **2384**

Tavakol, R.
Modifications expérimentales de la morphogénèse et des géotropismes dans le système racinaire de jeunes chênes
ARTHUR RIEDACKER, JEAN DEXHEIMER, RAHMAT TAVAKOL et HACHIMI ALAOUI **765**

Taylor, O.C.
The role of surface wax in susceptibility of plants to air pollutant injury
TEDMUND J. SWIECKI, ANTON G. ENDRESS, and O.C. TAYLOR **316**

Theander, O.
Changes in organic chemical components of needle litter during decomposition. Long-term decomposition in a Scots pine forestai l
BJÖRN BERG, KAI HANNUS, THOMAS POPOFF, and OLAF THEANDER **1310**

Thiagarajah, M.R.
Effects of temperature on leaf growth in corn (*Zea mays*)
M.R. THIAGARAJAH and L.A. HUNT **1647**

Thiebaut, B.
Observations sur le développement de plantules de Hêtre (*Fagus sylvatica*) cultivées en pépinière, orthotropie et plagiotropie
BERNARD THIEBAUT **1292**

Thompson, G.A., Jr.
Latitudinal differentiation in response to chilling temperatures among populations of three mangroves, *Avicennia germinans*, *Laguncularia racemosa*, and *Rhizophora mangle*, from the western tropical Atlantic and Pacific Panama
JONATHAN L. MARKLEY, CALVIN MCMILLAN, and GUY A. THOMPSON, JR. **2704**

Thompson, J.N.
Phenology and ecology of color in bird-dispersed fruits, or why some fruits are red when they are "green"
MARY F. WILLSON and JOHN N. THOMPSON **701**

Thomson, J.D.
Spatial pattern, floral sex ratios, and fecundity in dioecious *Aralia nudicaulis* (Araliaceae)
SPENCER C.H. BARRETT and JAMES D. THOMSON **1662**

Thuillier, A.
Croissance et fructification de *Ceratocystis* spp. avec attention particulière à *C. piceae* et *C. fimbriata*, en fonction du substrat
A. THUILLIER et P. NEUMANN **358**

Tippett, J.T.
Shedding of ephemeral roots in gymnosperms
JOANNA T. TIPPETT **2295**

Tisserat, B.
Floral development in *Phoenix dactylifera*
DARLEEN A. DE MASON, KENNETH W. STOLTE, and BRENT TISSERAT **1437**

Trappe, J.M.
First-year survival of *Tsuga heterophylla* without mycorrhizae and subsequent ectomycorrhizal development on decaying logs and mineral soil
E. JENNIFER CHRISTY, PHILLIP SOLLINS, and JAMES M. TRAPPE **1601**

Tu, J.C.
Membranous film on the developing apothecium of *Sclerotinia sclerotiorum* and its relationship to ascospore discharge
J.C. TU **173**

Tulloch, A.P.
A survey of epicuticular waxes among genera of Triticeae. III. Synthesis and conclusion
BERNARD R. BAUM and A.P. TULLOCH **1761**

Turgeon, B.G.
Early events in the infection of soybean by *Rhizobium japonicum*. Time course and cytology of the initial infection process
B. GILLIAN TURGEON AND WOLFGANG D. BAUER **152**

Turkington, R.
Patterns of dry-matter distribution in transplanted populations of *Trifolium repens* and its bearing on ecological interpretations
ROY TURKINGTON and JACK MAZE **2014**

Tyler, N.J.
The effect of abscisic acid and cytokinins on the cold hardiness of winter wheat
L.V. GUSTA, D.B. FOWLER, and N.J. TYLER **301**

Tyree, M.T.
Transport of fluorescein in trichomes of *Lycopersicon esculentum*
GREGOR F. BARCLAY, CAROL A. PETERSON, and MELVIN T. TYREE **397**

Tyree, M.T.
Osmotically induced volume changes in protoplasts isolated from *Cucurbita ficifolia*
M.T. TYREE, S. SALLEO, M.A. LOGULLO, G.F. BARCLAY, A. SALLEO, and R. ROSSO **730**

Tyree, M.T.
Alternate methods of analysing water potential isotherms: some cautions and clarifications. II. Curvilinearity in water potential isotherms
MELVIN T. TYREE and HANNO RICHTER **911**

Ullrich, R.C.
Diploids of *Armillaria mellea*: synthesis, stability, and mating behavior
JAMES B. ANDERSON and ROBERT C. ULLRICH **432**

Upadhyaya, M.K.
Coadaptation of seed dormancy and hormonal-dependence of α-amylase production in endosperm segments of *Avena fatua*
MAHESH K. UPADHYAYA, JAMES M. NAYLOR, and GRAHAM M. SIMPSON **1142**

Ursino, D.J.
Nitrate modification of photosynthesis and photoassimilate export in young nodulated soybean plants
D.J. URSINO, D.M. HUNTER, R.D. LAING, and J.L.S. KEIGHLEY **2665**

Uwate, W.J.
Cellular components of the midstylar transmitting tissue of *Prunus avium*
W.J. UWATE, J. LIN, K. RYUGO, and V. STALLMAN **98**

Van Caeseele, L.
Cytological study of palisade development in the seed coat of Candle canola
L. VAN CAESEELE, J.T. MILLS, M. SUMNER, and R. GILLESPIE **2469**

Vance, C.P.
Birdsfoot trefoil (*Lotus corniculatus*) root nodules: morphogenesis and the effect of forage harvest on structure and function
C.P. VANCE, L.E.B. JOHNSON, S.STADE, and R.G. GROAT **505**

van der Meer, J.P.
Genetics of *Gracilaria tikvahiae* (Rhodophyceae). VIII. Phenotypic and genetic characterization of some selected morphological mutants
MOHSIN U. PATWARY and JOHN P. VAN DER MEER **2556**

Van Dyke, C.G.
An ultrastructural comparison of monokaryotic and dikaryotic haustoria formed by the fusiform rust fungus *Cronartium quercuum* f.sp. *fusiforme*
D.J. GRAY, H.V. AMERSON, and C.G. VAN DYKE **2914**

Vermeer, J.
Nuclear and cytoplasmic anomalies in root tips of corn (*Zea mays* L.)
JANET VERMEER and M.E. MCCULLY **463**

Vindt-Balguerie, E.
Étude au microscope électronique à balayage de la bulbille de *Huperzia selago* (L.) Bernh. (*Lycopodium*): méristème apical, initiation foliaire et phyllotaxie
EMMELINE VINDT-BALGUERIE **667**

Voliva, C.
Starch-enhanced synthesis and release of amylolytic enzymes from normal and crown gall tumor tobacco tissue culture cells
CHARLES VOLIVA, GUSTAVE W. MOESSEN, and ANN G. MATTHYSSE **1474**

Vollmer, C.M.
Calcium mobilization into developing seedlings of umbelliferous plants
JOHN N.A. LOTT, ERNEST SPITZER, and CATHERINE M. VOLLMER **1404**

von Rudloff, E.
Seasonal variation of the terpenes of the leaves, buds, and twigs of balsam fir (*Abies balsamea*)
E. VON RUDLOFF and M. GRANAT **2682**

von Rudloff, E.
Chemosystematic studies in the genus *Pinus*. IV. Leaf oil composition and geographic variation in jack pine of eastern North America
MARTIN S. LAPP and E. VON RUDLOFF **2762**

Walker, C.
Populations of endogonaceous fungi at two locations in central Iowa
CHRISTOPHER WALKER, CARL W. MIZE, and HAROLD S. MCNABB, JR. **2518**

Walsh, M.A.
Blue-stain fungi in xylem of lodgepole pine: a light-microscope study of extent of hyphal distribution
R.G. BALLARD, M.A. WALSH, and W.E. COLE **2334**

Ward, E.W.B.
Coronatine production *in vitro* and *in vivo* and its relation to symptom development in bacterial blight of soybean
S.S. GNANAMANICKAM, A.N. STARRATT, and E.W.B. WARD **645**

Wareing, P.F.
Apparent auxin production and transport during winter in the non-growing pine tree
R.A. SAVIDGE and P.F. WAREING **681**

Warner, B.G.
Late Glacial fossil leaves in *Thuja occidentalis* from Manitoulin Island, Ontario
BARRY G. WARNER **1352**

Warwick, S.I.
Geographical variation in populations of *Chenopodium album* resistant and susceptible to atrazine. I. Between- and within-population variation in growth and response to atrazine
S.I. WARWICK and P.B. MARRIAGE **483**

Warwick, S.I.
Geographical variation in populations of *Chenopodium album* resistant and susceptible to atrazine. II. Photoperiod and reciprocal transplant studies
S.I. WARWICK and P.B. MARRIAGE **494**

Warwick, S.I.
Population variation in *Plantago major* from southern Ontario
S.I. WARWICK and J. MCNEILL **2846**

Watson, R.L.
Analysis of the effects of the spotted tentiform leafminer (*Phyllonorycter blancardella*) on the photosynthetic characteristics of apple leaves
J.T.A. PROCTOR, J.M. BODNAR, W.J. BLACKBURN, and R.L. WATSON **2734**

Webb, J.A.
Stachyose synthesis in isolated mesophyll cells of *Cucurbita pepo*
MONICA MADORE and J.A. WEBB **126**

Webb, J.A.
Partial purification of galactinol synthase from leaves of *Cucurbita pepo*
JOHN A. WEBB **1054**

Webster, T.R.
Variegation in *Selaginella martensii* f. *albovariegata*. I. Expression and inheritance
JAMES A. TANNO and TERRY R. WEBSTER **2375**

Webster, T.R.
Variegation in *Selaginella martensii* f. *albovariegata*. II. Plastid structure in mature leaves
JAMES A. TANNO and TERRY R. WEBSTER **2384**

Weis, I.M.
The effects of propagule size on germination and seedling growth in *Mirabilis hirsuta*
I. MICHAEL WEIS **1868**

Wells, K.
On the poroid genera of the Tremellaceae
R. BANDONI, F. OBERWINKLER, and K. WELLS **998**

West, R.J.
Morphology of the balsam fir needle gall induced by the midge *Paradiplosis tumifex* (Diptera: Cecidomyiidae)
R.J. WEST and J.D. SHORTHOUSE **131**

Westphal, E.
Modification du pH vacuolaire des cellules épidermiques foliaires de *Solanum dulcamara* soumises à l'action d'un acarien cécidogène
EVELYNE WESTPHAL **2882**

Wetzel, R.G.
Niche differentiation between two rhizomatous plant species: *Typha latifolia* and *Typha angustifolia*
JAMES B. GRACE and ROBERT G. WETZEL **46**

Wheeler, N.C.
Biogeography of lodgepole pine
NICHOLAS C. WHEELER and RAYMOND P. GURIES **1805**

White, E.R.
Some aspects of the vegetation ecology of the Little Qualicum River estuary, British Columbia
N.K. DAWE and E.R. WHITE **1447**

Whitfield, D.W.A.
Solar radiation attenuation in a hillside jack pine forest
D.W.A. WHITFIELD, L.A. MEHLENBACHER, and C. LABINE **1913**

Whitney, G.G.
The productivity and carbohydrate economy of a developing stand of *Rubus idaeus*
GORDON G. WHITNEY **2697**

Whitney, N.J.
Reaction of two potato cultivars to leaf infection by *Verticillium albo-atrum*
K.S. HUNG and N.J. WHITNEY **554**

Wicklow, D.T.
Tremorgenic indole metabolites and aflatoxins in sclerotia of *Aspergillus flavus*: an evolutionary perspective
DONALD T. WICKLOW and RICHARD J. COLE **525**

Wicklow, D.T.
Cleistothecia of *Eupenicillium ochrosalmoneum* form naturally within corn kernels
D.T. WICKLOW, B.W. HORN, and R.J. COLE **1050**

Wickware, G.M.
Classification of fens near southern James Bay, Ontario, using vegetational physiognomy
RICHARD A. SIMS, DARYL W. COWELL, and GREG M. WICKWARE **2608**

Wild, D.J.C.
Initial wall formation in the endosperm of wheat, *Triticum aestivum*: a re-evaluation
B.A. FINERAN, D.J.C. WILD, and M. INGERFELD **1776**

Wildeman, A.G.
The morphology and growth cycle of *Anemone patens*
ALAN G. WILDEMAN and TAYLOR A. STEEVES **1126**

Williams, M.C.
3-Nitropropionic acid and 3-nitro-1-propanol in species of *Astragalus*
M.C. WILLIAMS **1956**

Willson, M.F.
The effect of microhabitat, spatial distribution, and display size on dispersal of *Lindera benzoin* by avian frugivores
LINDA A. MOORE and MARY F. WILLSON **557**

Willson, M.F.
Phenology and ecology of color in bird-dispersed fruits, or why some fruits are red when they are "green"
MARY F. WILLSON and JOHN N. THOMPSON **701**

Willson, M.F.
On the ecological significance of fruit color in *Prunus serotina* and *Rubus occidentalis*: field experiments
ANDREA L. MORDEN-MOORE and MARY F. WILLSON **1554**

Wilson, C.
Identification of a Casparian band in the hypodermis of onion and corn roots
CAROL A. PETERSON, MARY E. EMANUEL, and CHRISTINE WILSON **1529**

Wong, S.I.
Fluorescence microscopy of cereal grains
R.G. FULCHER and S.I. WONG **325**

Wong, W.M.
Distribution of cellular amino acids, protein, and total organic nitrogen during fruitbody development in *Flammulina velutipes*. I. Growth on sawdust medium
HANS E. GRUEN and WILLIAM M. WONG **1330**

Wong, W.M.
Distribution of cellular amino acids, protein, and total organic nitrogen during fruitbody development in *Flammulina velutipes*. II. Growth on potato–glucose solution
HANS E. GRUEN and WILLIAM M. WONG **1342**

Woods, T.A.D.
Penetration of Sitka spruce seeds by the pathogenic fungus *Caloscypha fulgens*
T.A.D. WOODS, S.H. FARRIS, and JACK R. SUTHERLAND **544**

Wulff, R.D.
Effects of CO_2 enrichment on growth and photosynthesis in *Desmodium paniculatum*
RENATA D. WULFF and BOYD R. STRAIN **1084**

Yamamoto, S.
Comparative effects of fixation methods using tannic acid on contrast of stained and unstained sections from Spurr-embedded plant leaves
PYOYAN PARK, SHINGO YAMAMOTO, KEISUKE KOHMOTO, and HIROSHI OTANI **1796**

Yoder, K.S.
Inheritance of an ascospore abortion factor in *Venturia inaequalis*
K.S. YODER, E.J. KLOS, H. NOWACKA, and A. BIELENIN **2105**

Yoder, O.C.
Cytology of meiosis I and chromosome number of *Cochliobolus heterostrophus* (Ascomycetes)
DORALINDA GUZMAN, ROBERT C. GARBER, and OLEN C. YODER **1138**

Zachariah, K.
Growth responses of isolated ring traps of *Dactylella doedycoides*
K. ZACHARIAH **580**

Zak, J.C.
Initial vesicular–arbuscular mycorrhizal development slender wheatgrass on two amended mine spoils
J.C. ZAK and D. PARKINSON **2241**

Zander, R.H.
Hymenostylium recurvirostrum var. *insigne* and *Barbula amplexifolia* in British Columbia, Canada
RICHARD H. ZANDER and P.M. ECKEL **1596**

Zenger, V.E.
Potassium involvement not demonstrated in stomatal movements of *Paphiopedilum*. Qualified confirmation of the Nelson–Mayo report
WILLIAM H. OUTLAW, JR., JILL MANCHESTER, and VINCENT E. ZENGER **240**

Zeyen, R.J.
Defense patterns in nonhost higher plant species against two powdery mildew fungi. I. Monocotyledonous species
L.E.B. JOHNSON, W.R. BUSHNELL, and R.J. ZEYEN **1068**

Zindler-Frank, E.
Histochemical, spectroscopic, and X-ray diffraction identifications of the two hydration forms of calcium oxalate crystals in three legumes and *Begonia*
HARRY T. HORNER and ELISABETH ZINDLER-FRANK **1021**

Zink, M.W.
Regulation of nitrate reductase by various nitrogen sources in cultured *Ipomoea* sp.
M.W. ZINK **386**
